**RESOLUTION AMENDING THE ZONING RESOLUTION OF
MONTGOMERY COUNTY, TENNESSEE**

WHEREAS, an application for an amendment to text of the Montgomery County Zoning Resolution has been filed and

WHEREAS, said text amendment is described as follows:

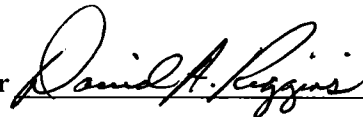

"EXHIBIT A"

WHEREAS, the Planning Commission staff recommends approval and the Regional Planning Commission recommends approval of said application.

NOW, THEREFORE, BE IT RESOLVED by the Montgomery County Board of Commissioners meeting in regular session on this 9th day of June, 2008, that the zone text amendment is hereby approved.

Duly passed and approved this 9th day of June, 2008.

"EXHIBIT A"

Under Article IV, Section 21 – Residential Cluster Option Resolution, delete Section 21 in its entirety and replace it with the following.

SECTION 21 - RESIDENTIAL CLUSTER OPTION RESOLUTION

INTENT

The intent of this section is to permit greater flexibility for creative design and to achieve superior scenic quality and recreational opportunity close to home by providing for residential subdivisions, which incorporate permanent local open space accessible to all residential lots. It is the intent of this section regulation to allow the use of cluster development techniques in specified single family residential zoning classifications (R-1, R-1A) located in the Urban Growth Boundary and the Planned Growth Area of the Clarksville Montgomery County Growth Plan. Except for properties located within Noise Zones II or III of the Sabre Heliport Overlay District (Section 20 of this Resolution), no such Cluster Developments are allowed in the Rural Area of the Growth Plan.

How It Works: Instead of the conventional subdivision procedure which results in homes more or less evenly spaced throughout a site, these provisions allow individual lot and yard requirements to be reduced to permit closer grouping or "clustering" of homes on a portion of the site.

Procedure for Approval:

A. INITIAL SKETCH AND CONSULTATION.

Before preparing a formal proposal for cluster residential development, the applicant shall submit a sketch of the proposed development to the Planning Commission Staff as a basis for reaching general agreement on major aspects of the project. The sketch shall indicate, at a scale no smaller than one (1) inch = one hundred (100) feet, and shall include the following:

1. Boundaries and acreage of the site;
2. Number of proposed dwelling units;
3. Acreage available for open space and prospective uses of open space;
4. Arrangement of streets, structures, and lots;
5. Access to existing streets;
6. Show any proposed improvements to the open space;
7. State intended minimum lot size.

B. PLAT APPROVAL PROCEDURE.

Proposals for cluster residential developments shall be subject to the Clarksville/Montgomery County Subdivision Regulations, and shall be prepared and reviewed under the plat approval of the regulation, and shall be in accordance with the provisions of this section. Notwithstanding contrary provisions stated in Article VII, Paragraph 1.d. of the Clarksville/Montgomery County Subdivision Regulations, affirmative action by the Regional Planning

Commission is required for approval of a plat request for this type of Cluster Development.

1. The preliminary plat shall indicate that the clustering is proposed and display the layout and area of all lots and common areas and all phasing boundaries. Within a preliminary plan of subdivision, large contiguous areas may be proposed for development of single-family lots that contain less land area than normally required by the base zone classification of the subject tract.
2. A master plan for the entire subject tract shall be required for preliminary plat approval.
3. If an approved cluster development is abandoned before completion, no new preliminary plat for the tract will be approved until the minimum required open space for the completed portion of the cluster subdivision is dedicated.
4. The developer shall submit a written and/or graphic documentation that describes how the required open space will be developed; such statement will be adopted with the preliminary plat and shall be enforced by the Regional Planning Commission.
5. Draft copies shall be submitted of restrictive covenants and a homeowners association agreement shall be submitted prior to preliminary plat approval.

C. DEVELOPMENT REQUIREMENTS.

1. Only detached single family residential structures may be constructed in a cluster development.
2. Perimeter lots shall meet the perimeter lot requirements unless the following has been met.
 - a. A landscape buffer, adjacent to the perimeter boundary of the subject tract, shall have a minimum width of 25 feet and a maximum width not to 35 feet. The existing landscape buffer must consist of a minimum of 16 trees with a caliper size of 6 inches or greater every 100 linear feet, or;
 - b. If supplemental plantings are required to meet the minimum density, additional plantings shall consist of the following:
 - i. A minimum of 2" caliper at the time of planting;
 - ii. 6 feet in height at the time of planting;
 - iii. 50% evergreen.

Perimeter Lot requirements

3. Perimeter lots that adjoin an existing street that is maintained by the City Street Department, the County Highway Department, or Tennessee Department of Transportation shall have driveway access from an internal street only.
4. Perimeter lots may be reduced in size the equivalent of one zoning classification of the subject tract or equal to the adjacent lots whichever is less.

5. The lot width for perimeter lots may be reduced the equivalent of one zoning classification of the subject tract or equal to the adjacent lots whichever is less.

Open Space requirements

6. The determination of lot yield shall be determined by deducting fifteen (15) percent from the gross land area and dividing the remaining eighty-five percent of the gross land area by the minimum lot area of the base zone classification of the subject tract.
7. Utilization of alternative lot sizes includes a requirement for the creation of common open space. Open space shall be provided at the rate of fifteen (15) percent for the entire master plan. Open space must be for the common use of all residents within a residential cluster development, and shall be for amenity or recreational purposes and may include sidewalks, and walking trails, but will not include streets and parking areas as part of the (15) percent for open space.
8. No more than (50) percent of the required open space may include areas located within a 100 yr floodplain and/or drainage easement created by the development, this excludes FEMA designated floodplains, this excludes drainage/utility easements parallel to right-of-ways.
9. Open space must be provided within each phase of the development.
10. The minimum width of open space, including all points of access to the public right of way, shall not be less than (25) feet. Where greater road frontage is required by the subject tracts base zone classification, the greater amount shall apply.

Lot requirements

11. Minimum lot size requirements, excluding perimeter lots in a cluster development:

R-1 (Single Family Residential District)	5,000 square feet
R-1A (Single Family Residential District)	5,000 square feet

12. Minimum lot width requirements, excluding perimeter lots in a cluster development:

R-1 (Single Family Residential District)	no minimum
R-1A (Single Family Residential District)	no minimum

13. With the exceptions of existing rights-of-way the minimum front yard setback may be 25'* from the nearest right-of-way.

*unless a greater setback(s) is shown on the final recorded plat, due to the required drainage and/or utility easement.

14. The minimum side yard setback requirements, for principal uses and unattached buildings of accessory use, excluding perimeter lots:

R-1 (Single Family Residential District) 5 foot minimum on both sides*

R-1A (Single Family Residential District) 5 foot minimum on both sides*

*unless a greater setback(s) is shown on the final recorded plat, due to the required drainage and/or utility easement.

15. Unless a greater setback(s) is shown on the final recorded plat, due to the required drainage and/or utility easement, the minimum rear yard setback requirements, for principal uses, excluding perimeter lots:

R-1 (Single Family Residential District) 20 minimum

R-1A (Single Family Residential District) 20 minimum

16. For developments located in more than one zoning district, the density shall be computed separately for that portion of the development lying within each district. No developmental density may be transferred across zoning district boundaries.
17. Flag lots are prohibited. A flag lot generally contains a narrow strip of property leading from a right-of-way to the building site which is generally located to the rear of other lot(s) fronting along same right-of-way.
18. All meters, HVAC units, and other structures and attachments are prohibited within the side yard drainage/utility easement.
19. All driveways must be constructed of dustless materials.
20. If determination cannot be made concerning setback compliance, the Building and Codes Department may require sufficient evidence from the builder that foundations are in compliance.
21. Any development using this cluster option shall be served by a sanitary sewer system.
22. The minimum public road frontage requirements shall be as stated in their respective districts.

Sidewalk and Underground Utility requirements

23. Sidewalks shall be required along one side of the dedicated public right-of-way or dedicated road easement and on both sides of all cul-de-sacs and shall be in accordance with the adopted construction standards of the Clarksville/Montgomery County Subdivision Regulations, and ADA requirements (Americans with Disabilities Act).
24. The maintenance of sidewalks, outside the city limits of Clarksville, shall be the responsibility of the Home Owners Association and not the County Highway Department.
25. The County Highway Department will inspect the installation of sidewalks for compliance of all minimum standards.
26. Sidewalks shall be shown and labeled on the construction plans and the final recorded plat.
27. Underground utilities are mandatory.

Fire Protection Requirements

28. Within cluster developments, fire hydrants shall be spaced a maximum of 300 to 800 feet apart. Spacing of fire hydrants shall be determined by the Emergency Management Agency Director, on a case by case basis.
29. Exterior walls located less than 6.5 feet from the property line will have a water resistant gypsum wall board of a minimum 5/8" Type X (or equivalent) on the outside of the exterior wall. This wall board will serve as an underlayment for the exterior siding material. Homes that have continuous exterior soffitt will have the wall board run continuous to the roof deck (or fire blocked) and be sealed against the deck to prevent the movement of air into the attic space.
30. On lots less than 8,000 square feet and having a structure with a roof supported by columns or walls and intended for human habitation, an approved automatic sprinkler system shall be required and installed, must meet all NFPA 13D regulations, must be fully sprinkled (excluding attic space), and must meet all local codes, regulations, and ordinances and/or resolutions.
Any building used for places of assembly in a cluster development, on lots of any size, shall have an approved automatic sprinkler system installed as described above.
31. The exceptions allowed by Section 11.B. shall not apply to this section with the exception of item 6. Overhanging roof, eaves, gutters, cornices, or other architectural features, not to exceed "18 inches".

Final Plat requirements

32. The following information shall be shown on the final recorded plat, but not limited to:
 - a. Responsible entity for the maintenance of the open space(s);
 - b. Prior to obtaining the signature of the Regional Planning Commission's Secretary, the volume and page number for the covenants and homeowners association agreement shall be added to the final recorded plat within the Certificate of Ownership and Dedication block.

D. LEGAL REQUIREMENTS FOR OPERATION AND MAINTENANCE

1. Open space must be deeded to a homeowners association of the development and the developer shall provide the following recorded documentation before final plat approval. In the event final plat approval is not granted by the Regional Planning Commission, the following recorded documentation will become null and void:
 - a. That the homeowners association will be responsible for liability insurance, local taxes, and maintenance of recreational, drainage structures, or other facilities pertaining to the open space.

- b. Restrictive covenants shall require mandatory membership in the homeowners association, and include as a minimum the following provisions:
 - (1) Responsibility for paying a pro-rated share of the cost of the homeowner's association operation.
 - (2) Agreement that the assessment levied by the association can become a lien on the property if not paid.
 - (3) Agreement that the association shall be able to adjust the assessment to meet changing needs.
 - (4) Guarantee of permanent unrestricted right to utilize lands and facilities owned by the association.
- c. The Homeowners Association shall be incorporated.
- d. In the event of dissolution of the homeowners association for any reason whether administrative or otherwise, responsibility for maintenance of all common areas shall become that of the individual lot owners within the subdivision on a pro-rata basis based on the number of lots within the subdivision, or if the restrictive covenants for the subdivision so provide any one or more lot owners within the subdivision, may re-form the homeowners association and assess each lot equally for the amount necessary to maintain said open space. In the event of failure of either of the above remedies the County may, upon giving proper notice to each property owner, bring such open space in compliance, and place a lien on all lot owners within the subdivision for their pro-rata share of the cost, plus any administrative fees.

In the event of failure of the association to pay any taxes assessed to the common areas, such taxes shall attach to each lot within the subdivision on a pro-rata basis based on the number of lots within the subdivision.

E. DEFINITIONS

AMENITY: A natural or created feature that enhances the aesthetic quality, visual appeal, or makes more attractive or satisfying a particular property, place, or areas.

OPEN SPACE: Any parcel or area of land or water essentially unimproved and set aside, dedicated, designated, or reserved for private use or enjoyment or for the use and enjoyment of owners, occupants, and their guests of land adjoining or neighboring such open space.

PERIMETER LOT: The exterior lots of the proposed development which adjoin the perimeter boundary of the subject tract, excluding right-of-way, or adjacent to the landscape buffer of the open space.

PLACES OF ASSEMBLY: The use of a building or structure, or a portion thereof, for the gathering together of persons for purposes such as civic, social or

religious functions, recreation, food or drink consumption or awaiting transportation.

RECREATION FACILITY, PRIVATE: A recreational facility for use solely by the residents and guests of a particular residential development and operated by a nonprofit organization.

**RESOLUTION AMENDING THE ZONING RESOLUTION OF
MONTGOMERY COUNTY, TENNESSEE**

WHEREAS, an application for an amendment to text of the Montgomery County Zoning Resolution has been filed and

WHEREAS, said text amendment is described as follows:

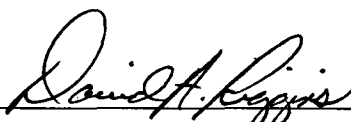

Under Article IV District Regulations, Section 18 AG Agricultural District, add the following to subsection C.
Uses Permitted on Review: "Commercial wedding and reception facilities".

WHEREAS, the Planning Commission staff recommends approval and the Regional Planning Commission recommends approval of said application.

NOW, THEREFORE, BE IT RESOLVED by the Montgomery County Board of Commissioners meeting in regular session on this 9th day of June, 2008, that the zone text amendment is hereby approved.

RESOLUTION OF THE MONTGOMERY COUNTY
BOARD OF COMMISSIONERS APPROVING
AMENDMENTS TO THE 2007-08 GENERAL PURPOSE
SCHOOL FUND BUDGET

WHEREAS, the proposed amendments to the General Purpose School Fund Budget reflect the most recent estimates of revenues and expenditures, and,

WHEREAS, the Clarksville-Montgomery Board of Education has studied the attached amendments and approved them on May 13, 2008, for recommendation to the Montgomery County Board of Commissioners.

NOW, THEREFORE, BE IT RESOLVED by the Montgomery County Board of County Commissioners assembled in Regular Business Session on this 9th day of June, 2008, that the 2007-08 General Purpose School Fund Budget be amended as per the attached schedule.

RESOLUTION OF THE MONTGOMERY COUNTY
BOARD OF COMMISSIONERS APPROVING
AMENDMENTS TO THE 2007-08
SCHOOL TRANSPORTATION FUND BUDGET

WHEREAS, the proposed amendments to the School Transportation Fund Budget reflect the most recent estimates of revenues and expenditures, and,

WHEREAS, the Clarksville-Montgomery Board of Education has studied the attached amendments and approved them on May 13, 2008, for recommendation to the Montgomery County Board of Commissioners.

NOW, THEREFORE, BE IT RESOLVED by the Montgomery County Board of County Commissioners assembled in Regular Business Session on this 9th day of June, 2008, that the 2007-08 School Transportation Fund Budget be amended as per the attached schedule.

**RESOLUTION TO AMEND THE BUDGETS
OF VARIOUS FUNDS FOR FISCAL YEAR 2008
IN CERTAIN AREAS OF REVENUES AND EXPENDITURES**

WHEREAS, the director of Accounts and Budgets has performed continuing reviews of the status of funding needs and the receipts of revenues anticipated in support of the various budgets; and

WHEREAS, current year expenditures in certain accounts will permit decreases in budgetary appropriation for such accounts and these may be applied to the funding needs of other accounts.

NOW THEREFORE BE IT RESOLVED, by the Montgomery County Board of Commissioners, assembled in regular business session this 9th day of June 2008, that the budgets for various funds for fiscal year 2008 be amended as to revenues and expenditures, according to the attached schedule.

Duly passed and approved this 9th day of June, 2008.
