I. HEALTH & SAFETY

LEGISLATIVE ITEM: Support and actively advocate for ephedrine and pseudoephedrine to be classified as Schedule III controlled substances available only through prescription and subject to state prescription monitoring programs.

PURPOSE: Between 2008 and 2012, Tennessee and Missouri reported the two highest numbers of meth lab incidents in the nation. The cost of these labs to local communities is significant. The average cost for cleaning up a lab is \$2,500. In fiscal years 2010 and 2011, 722 children were placed in Department of Children's Services' for methamphetamine related issues at an estimated cost of \$19.6 million. In February 2009, the RAND Corporation released a study that concluded Tennessee's annual cost due to methamphetamine is over \$1 billion per year. Furthermore, these labs create a danger to the environment and health of the community.

Prescription-only requirements have shown a great deal of success at reducing methamphetamine labs. Two states have implemented prescription only requirements, Oregon and Mississippi. In Oregon, these requirements were enacted in July 2006. Meth lab incidents fell from 232 in 2005 to 67 in 2006. In 2012, Oregon had only 14 meth lab incidents. Mississippi has seen similar success. In 2012, Mississippi reported 250 meth lab incidents, a 73 percent decrease from the 937 incidents reported in 2010; the same year the state's prescription only law became effective in July. In Tennessee, some local governments have passed prescription only ordinances. The Winchester police chief has noted a decline in the number of meth lab incidents because of such an ordinance.

Federal funding to support local meth enforcement is coming to an end. This will further increase the cost burden to local communities if nothing is done to decrease meth lab incidents. While implementation of the National Precursor Log Exchange in Tennessee has shown small reductions in meth lab incidents, data shows that these reductions do not generally last; while prescription only requirements have shown to leave a lasting impact. We ask for your assistance in implementing a prescription only requirement in Tennessee.

II. LAW ENFORCEMENT

LEGISLATIVE ITEM: We are requesting that the Tennessee State Legislature consider fully funding the Tennessee Methamphetamine and Pharmaceutical Task Force (TMPTF).

PURPOSE: Much of the federal funding to support the TMPTF is coming to an end. In order for the TMPTF to continue assisting local communities with meth lab cleanups, training, education, and law enforcement services it will need state funding. We request that the Tennessee State Legislature fully fund the TMPTF to keep these vital services intact. Without funding, local governments will be further burdened with the costs of meth related incidents.

For more detailed information please contact the following individual:
Commissioner Jason Hodges, jason.hodges1981@gmail.com, 931-980-9630

III. HIGHWAY TRANSPORTATION

LEGISLATIVE ITEM: Encourage the Tennessee Department of Transportation to obligate funding for the following projects:

- 1) Construction phase for SR374/Warfield Blvd. from Dunbar Cave Road to Stokes Road at approximately \$22,800,000.
- 2) Engineering/Environmental phase for SR48/Trenton Road from SR13/Wilma Rudolph to SR236/Tiny Town Road at approximately \$1,500,000.
- 3) Construction phase for SR48/13 from Zinc Plant Road to River Road on SR149 at approximately \$23,000,000.

PURPOSE: Support the Region's and State's economic vitality by enabling competitiveness, productivity and efficiency. Increase the safety and security of the transportation system. Protect and enhance the environment, promote energy conservation, improve air quality and overall quality of life.

IV. EDUCATION

LEGISLATIVE ITEM: Support a change in the CBER and TACIR formulas that determine a counties fiscal capacity to credit the county for the share of property tax used for new school construction and/or school renovations.

PURPOSE: Fiscal Capacity is the potential ability of local governments to fund education from their own taxable sources relative to the number of students. The CBER (Center for Business and Economic Research) model and the TACIR (Tennessee Advisory Commission of Intergovernmental Relations) model are used to determine a counties capacity to raise local revenues for education from its property and sales tax base. One of the variables used in these formulas is the three year average of property tax spent on education taken from the Department of Education's Annual Statistical Report. However, this figure only takes into account the property tax allocated for the school system's operational budget. It does not include the amount of property tax allocated to a county's debt service fund to cover new school construction and or major school renovations. As a result, the fiscal capacity of a county that invests in new schools is undervalued in both formulas which can result in a reduction in BEP funding. As of FY 2014-15, the Clarksville Montgomery County School System's BEP funding over the past four years has been reduced by approximately \$8.0 million dollars based on its projected fiscal capacity using the TACIR and CBER formulas.

In Montgomery County, the school system's share of the current property tax rate for operations is .968 cents. The share of the property tax rate for the Debt Service Fund is \$1.027. However, .76 cents of the \$1.027 is directly related to new school construction. Using the CBER and TACIR Models, the .968 figure is used as the measure of the counties expenditure for education; when, in fact, the county has actually invested an additional .76 cents in educational funding for new and renovated schools. Thus, the counties actual education related expenditures are \$1.728.

V. STATE FUNDING FOR LOCAL GOVERNMENT

LEGISLATIVE ITEM: Fully support the continued funding of all state shared taxing, Stimulus and BEP funding, including current recommendations of the BEP review committee reported to the Governor, which benefit Montgomery County Government and our citizens.

PURPOSE: The current revenue sharing partnership and equitable funding relationship enables Montgomery County Government to provide essential services and basic mandated funding requirements to our citizens, students and constituents. Any reduction or compromise to full funding of these services and programs directly result in reduced effectiveness and would require substantial increases in local taxes. Increased financial stress is placed on the local government when full funding is restricted, reduced, or delayed.

The state is presently cutting funding for current year enrollment growth, with additional cuts forecasted for next year. These cuts will most definitely cause the before-mentioned financial strain on the taxpayers of our county. Local tax resources are currently at a maximum, supplementing the inequity of state funding to provide mandated fundamental services such as: public education, public safety, correctional facilities, emergency services, and transportation funding.

**VI. LAW ENFORCEMENT
REIMBURSEMENT FOR CUSTODY OF TDOC INMATES**

LEGISLATIVE ITEM: We are requesting the Tennessee State Legislature to consider increasing the daily reimbursement rate of Tennessee Department of Corrections inmates being held in the Montgomery County Jail.

PURPOSE: An immense obligation of Montgomery County Jail operations is the custody, medical care, and administrative requirements for housing TDOC inmates.

The practice of housing TDOC inmates imposes a financial burden on Montgomery County. Current sentencing laws, release measures, and overcrowded prisons have created an unfunded mandate for our county, as it appears leaving TDOC inmates at the Montgomery County Jail is a cost saving measure to the state.

The average TDOC population at the Montgomery County Jail drastically escalated from 2010 to 2013. In 2010 there was an average of 41 TDOC inmates. That number rose 80% to 74 in 2011 and another 104% in 2012 to 151 state inmates in our local jail. Thankfully, in 2013 the average number of TDOC inmates in the Montgomery County Jail dropped 14% to 130. The decrease in 2013 was due to the state removing 80 of their inmates in the early part of 2013, and another 30 by the end of the year when their new facility in Pikeville opened.

The current estimated cost for caring for inmates in the Montgomery County Jail is \$72 per day, while the reimbursement rate for housing these state inmates is only \$37. This leaves a \$35 per day deficit that must be absorbed by the Montgomery County taxpayers. That deficit totaled \$1.8 million dollars in 2012 and another \$1.66 million in 2013.

VII. RESIDENTIAL PROPERTY - Amend Tenn. Code Ann. § 66-5-202

LEGISLATIVE ITEM: Support a change of the Tennessee Residential Property Condition Disclosure Act, Tenn. Code Ann. § 66-5-202. The act focuses on realtors to fully disclose all known defects including “sink holes” & injection wells”. This act does not include “any seller of land”. This recommended change would include residential property, new construction, and previously owned homes.

PURPOSE: Much regulation has been put in place to protect the home buyer. Senate Bill 880 was signed into law 1 July 2014; this law addressed insurance coverage for sinkhole loss, and Tenn. Code Ann. § 66-5-202 addresses full disclosure of defects. Tennessee law also requires the land owner assume responsibility of a sink hole and or injection well on his property, but first he must be told he has that responsibility. Current Tennessee law only requires a class 5 injection well be disclosed. Recommend this be added to our state delegation agenda for review.

VIII. MONTGOMERY COUNTY TEEN LEARNING CENTER

LEGISLATIVE ITEM: Encourage the continued funding and support of Tennessee's Genesis Programs, which include Montgomery County's Teen Learning Center.

PURPOSE: The "Genesis Learning Centers" are a Tennessee Non-Profit Organization that makes a difference for troubled and problem juveniles. The states' five centers are in Rutherford, Davidson, and Montgomery Counties. Not fully funding these academies and centers would increase the burden on the State of Tennessee and local government. The Montgomery County Teen Learning Center provides a full school day, Tennessee Department of Education approved, alternative last chance school. These youths have been brought to the juvenile court's attention, and are unaffected by traditional disciplinary procedures. The youths will exit the program with the ability to function in socially acceptable and productive ways. Many families rely on these centers to help put their children on the right track.

Your assistance with continued support and funding of these programs would be greatly appreciated by the courts and citizens of Montgomery County.

IX. BENEFITS - UNEMPLOYMENT COMPENSATION

LEGISLATIVE ITEM: Request the Tennessee State Legislature to consider removing non-charge backs for those government entities who are Reimbursing Employers. Currently, Reimbursing Employers must reimburse the Department of Labor dollar for dollar regardless of the reason for the separation of the former employee.

PURPOSE: State and local government and nonprofit employers have the option of paying premiums or reimbursing the state dollar for dollar for benefit charged to them. By electing to reimburse, the government and nonprofit employers are not subject to the Federal Unemployment Tax (FUTA). Reimbursing employers are essentially self-insuring. They are required to reimburse the Department of Labor dollar for dollar for their proportionate share of benefits paid to a former employee. Since Reimbursing Employers are not experience rated and do not pay FUTA taxes, they do not pay any of the cost of administering the unemployment insurance program. By electing to be Reimbursing Employer, the government agency forfeits its rights to dispute any "charge back" claims.

Currently we have employees who may have quit or terminated who could be eligible for benefits under the current structure. Since 2010, Montgomery County has paid out an estimated \$70,000 in unemployment benefits to those who voluntarily left employment. It is our belief Reimbursing Employers should be able to contest a "charge back" similar to that of those who pay premiums.

X. DEPARTMENT OF DEFENSE – FT. CAMPBELL

LEGISLATIVE ITEM: : Asking State Government to show support for Montgomery County Resolution 14-11-1 requesting legislation to halt the Military Department of Defense sequestration cuts. Encourage State delegation to pass a similar resolution. See resolution attached.

XI. SUPPORT THE TENNESSEE COUNTY SERVICES ASSOCIATION'S 2015 LEGISLATIVE PLATFORM AND GREATER NASHVILLE REGIONAL COUNCIL 2015 LEGISLATIVE AGENDA (SEE ATTACHED INFORMATION).

**RESOLUTION IN SUPPORT OF CONGRESSIONAL LEGISLATION TO HALT
SEQUESTRATION AND KEEP THE 159TH AVIATION BRIGADE
AT FORT CAMPBELL, KENTUCKY**

WHEREAS, the Montgomery County Board of Commissioners request Congress to pass legislation that will stop the legal requirements in the 2011 Budget Control Act to avoid sequestration; and

WHEREAS, the Montgomery County Board of Commissioners urge Congress to lead the efforts to halt sequestration so that Fort Campbell, Kentucky, the largest employer in Tennessee and Kentucky, and which adds an outstanding quality of life, a skilled workforce, and a diverse population to our community, will continue to grow; and

WHEREAS, the Montgomery County Board of Commissioners do not support the Department of Defense's proposed troop reduction of the United States Army and such reduction, if enacted to its fullest extent, would be devastating to Montgomery County as well as the entire State of Tennessee; and

WHEREAS, since the Clarksville-Montgomery County School System averages 25 to 28 percent military dependent students, the full impact of the proposed troop reduction at Fort Campbell, Kentucky would result in the decline in enrollment of approximately 8300 students and the loss of 500 jobs with the school system along with the possible closure of two high schools, two middle schools and six elementary schools; and

WHEREAS, the Montgomery County Board of Commissioners urge Congress and the Department of Defense to keep the 159th Aviation Brigade at Fort Campbell, Kentucky, knowing that the infrastructure and support exist currently at Fort Campbell, and to relocate the 159th Aviation Brigade would burden the United States taxpayers.

NOW, THEREFORE, BE IT RESOLVED by the Montgomery County Board of Commissioners meeting in regular session on this the 10th day of November, 2014, that this legislative body supports our state delegation and realizes that the effects and long-term damage, from the proposed troop reduction, sequestration and relocating the 159th Aviation Brigade at Fort Campbell, Kentucky, would be detrimental to our community and devastating to America's military.

(This Resolution was Amended as follows.)

TCSA 2015 Legislative Platform

General Legislative Policy Statement

The Tennessee County Services Association, and its affiliates - the Association of County Mayors of Tennessee, Tennessee County Commissioners Association and Tennessee County Highway Officials Association - generally oppose legislation which has the effect of imposing additional unfunded mandates on Tennessee's 95 county governments, or which further erodes the narrow tax base currently available to Tennessee counties. Further, county associations will defend against intrusions into the already limited local autonomy vested in county governments. TCSA will support the legislative platforms of its affiliates when they promote the mutual missions of our affiliate associations.

Local Mandates

TCSA opposes any local unfunded mandates. Any change in law that costs county governments money that does not have a source of funding to offset that cost is considered a local unfunded mandate. Local mandates put pressure on an already stressed local property tax rate. Unfunded mandates are a leading cause of property tax increases.

We also oppose the mandatory earmarking of any local revenue sources for specific purposes. This undermines the ability of county officials to make yearly budgetary decisions based on their needs and priorities as best determined by the local governing body. Just like the state opposes federal mandates, we oppose the state putting unfunded mandates on local governments.

Education Funding & School Employee Insurance

Understanding the critical role a quality public education system plays in the preservation of health and economic viability of our communities, TCSA supports the complete and full funding of the Basic Education Program (BEP). This includes support for continued annual inflationary growth in both state and local match portions of the BEP formula, as well as the capital outlay component of the formula.

It is hoped that the Administration and General Assembly will regard Tennessee counties as partners in offering local education opportunities to our children and would recognize that county governments continue to invest far more than statutorily required in our public education system. This commitment is evidenced by the hundreds of millions of dollars budgeted annually "above and beyond" the basic amounts deemed necessary as a local match by the BEP formula.

TCSA supports efforts to ensure quality teachers in every classroom by providing competitive salaries and benefits for Tennessee teachers. While the state funds 70% of instructional salaries for positions generated by the BEP formula, TCSA would point out that every school system in Tennessee hires significantly more teachers than the formula generates and pays them more than the formula recognizes. The funding component provided in the formula for an instructional position lags approximately \$10,000 per teacher below the actual salary being paid in Tennessee schools. TCSA would ask for the General Assembly and the Administration to join local governments in investing more in teacher salaries and enhance the instructional salary component in the BEP to more closely reflect the actual salaries being paid by local education agencies in Tennessee.

Further, TCSA asks that the state extend to 12 months its funding of health insurance costs for local educators as directed by the BEP formula. According to the State Comptroller, the state currently only funds its share of the cost for 10 months of insurance coverage, rather than a full year. Health insurance is provided by districts for the full calendar year, creating an additional mandated fiscal requirement on the local governing body that is not currently shared by the state.

TCSA asks the General Assembly and the Administration to be cognizant of the fact that the significant number of changes and educational reforms being implemented in Tennessee has placed tremendous stress on Local Education Agencies. These reforms are applauded for their intent to improve educational outcomes in all Tennessee classrooms and help our state maintain its ability to compete in a global economy. However, the challenges created by these increased demands on our school systems would be exacerbated and undermined by efforts to require Tennessee counties systems to simultaneously provide a variety of options for the delivery of educational services.

TCSA has concerns that an expansive pursuit of school choice options that divert state and local public school funds out of traditional classrooms without providing supplemental funding will damage the long-term fiscal well-being of the local education agency as a whole and will erode the desired gains of many of the educational reforms currently being implemented in our schools. TCSA asks the Administration and General Assembly to make a comprehensive study of how alternative educational options, like vouchers, virtual schools and charter schools, impact the ability of a local education agency to plan, provide and fund the underlying traditional K-12 system. While many have said with regard to school choice options that the *funding* would follow the student, there has not been a serious examination of whether the *costs* follow that student who leaves the traditional classroom and takes the associated state and local funding with them. Our concern is the state is left without further funding obligations, while locals must maintain some dual financial obligations.

Jails and Correctional Facilities

The housing and healthcare costs of maintaining a state prisoner population in a local jail facility remain a top priority for TCSA as its membership continues to face pressures created by providing this service to the state. Just as the state prison system is experiencing growth in the amount the state spends on its prison population each year, counties face the same predicament in local jails. One of the fastest growing populations in local jails is the backlog of convicted felons who are awaiting space within a state prison. With that said, TCSA reaffirms its long-standing position that the \$37 per diem for housing state inmates in local jails is grossly inadequate for funding the total cost of housing such prisoners. TCSA wants to work with the Administration and General Assembly to develop a funding mechanism that will one day better reflect the actual cost, which includes such things as unpaid medical expenses and the transportation of inmates, including those seeking mental health evaluations. To that end, TCSA urges lawmakers to authorize new cost saving measures to help reduce the financial burden, particularly rising inmate medical costs, that counties face in dealing with the cost of housing all prisoners and we encourage the Administration and General Assembly to take all appropriate steps to better manage the state inmate population so as to alleviate the backlog of convicted felons housed in jails.

Transportation Infrastructure

The continued lack of funding for county highway projects has reached a critical point in Tennessee as state gasoline/fuel tax collections remain consistently stagnant, hovering at their lowest rates in more than a decade (since FY2001-2002). County highway departments are continuing to scale back or cancel resurfacing projects and reduce staffing until additional revenues become available. As a part of the overall Tennessee transportation system, county roads and bridges are an integral part of the state's economic and community development success, the impact it has on safe and efficient transportation of school children, the essential element in providing emergency services to our taxpayers, and the daily life value it adds to the citizens of our counties. The vast majority of vehicle trips in Tennessee begins and ends on a road maintained by a local government. The association asks that the General Assembly recognize and support the important role county government highway departments play in the success of overall state transportation system. The association also asks as to be a part of any open discussion to that end. TCSA continues to support mass transit initiatives, which exist in some form in all 95 Tennessee counties.

- **SUPPORT INCREASED FUNDING FOR STATE PRISONERS HELD IN LOCAL JAILS.** County sheriffs should strive for cost containment and effective utilization of monies received from local county commissions for the housing of prisoners. At the same time, county jails house state prisoners at a time when jail space is limited, personnel costs are increasing, and medical costs for prisoners is sharply increasing. We urge the governor and general assembly to include a cost of living adjustment on a yearly basis to help relieve the burden of housing state prisoners, including the costs to provide healthcare for those prisoners. The state should support, encourage and facilitate regional jail systems to save local and state dollars.
 - **SUPPORT CHANGES TO PUBLIC CHAPTER 1101 GROWTH PLANNING LEGISLATION** that clarify certain processes and requirements.
 - **SUPPORT LEGISLATION TO ENHANCE LOCAL GOVERNMENTS' REVENUE OPTIONS.**
 - **SUPPORT MEASURES** that would expedite and encourage the extension of broadband into rural areas of Tennessee.
 - **SUPPORT FULL FUNDING OF THE BASIC EDUCATION PROGRAM.**
 - **SUPPORT EXPANDED SCOPE AND PROGRAM OPTIONS FOR STATE'S COMMUNITY COLLEGE SYSTEM.**
 - **OPPOSE LEGISLATION** that would preempt, hinder or prohibit local legislative bodies from passing ordinances or resolutions concerning raising of taxes, exercising its rightful and legal authority in conducting its business, to pass and administer land use plans and regulations, and the ability to operate and administer the affairs of its government in a manner that the elected officials deem appropriate.
 - **REQUEST** that if the General Assembly reduces or eliminates the Hall Tax and/or state sales tax, that local governments are held harmless.
 - **SUPPORT LEGISLATION AND PUBLIC POLICY** that links transportation, land use, sustainability, health, recreation, economic development and options of types of development and housing.
 - **SUPPORT LEGISLATION OF REGIONAL CONCERN AS IDENTIFIED** by GNRC member city and county governments as it is filed for consideration by the second session of the 109th Tennessee General Assembly.

RESOLUTION EXPRESSING CONCERN ABOUT THE GROWING PROBLEM OF METHAMPHETAMINE MANUFACTURING AND USAGE IN AND AROUND THE MONTGOMERY COUNTY AREA AND REQUESTING THE 109TH TENNESSEE GENERAL ASSEMBLY TO ENACT APPROPRIATE LEGISLATION THAT WOULD CLASSIFY PSEUDOEPHEDRINE AS A CONTROLLED SUBSTANCE THEREBY REQUIRING A PRESCRIPTION TO RECEIVE

WHEREAS, over the recent years, this county legislative body has become aware of the growing epidemic in the manufacturing and use of Methamphetamine within Montgomery County, the State of Tennessee, and the surrounding areas; and

WHEREAS, a key component in the manufacturing of Methamphetamine is Pseudoephedrine which can be purchased without a prescription in the State of Tennessee; and

WHEREAS, efforts to combat the wide-spread manufacturing of Methamphetamine in other states has resulted in the classifying of Pseudoephedrine as a controlled substance thereby requiring it to be obtained only by prescription from a lawful physician or other medical power; and

WHEREAS, this county’s legislative body feels that such corrective action is needed in this State in order to thwart the misuse and abuse of said Pseudoephedrine.

NOW, THEREFORE, BE IT RESOLVED by the Montgomery County Board of Commissioners meeting on this 8th day of December, 2014, that by copy of this resolution, the Montgomery County Legislative Liaison Committee shall notify the Montgomery County Delegation in the 109th Session of the Tennessee General Assembly of Montgomery County’s concern of the ease at which Pseudoephedrine can be obtained in this State, and of this county legislative body’s desire that the members of said Montgomery County Delegation present legislation in said Session of Legislature to categorize Pseudoephedrine as a controlled substance thereby requiring a prescription in order to acquire the same.

Duly passed and approved this 8th day of December, 2014.
