Rossvie High School is at 110% capacity and currently has 6 portable classrooms. CMCSS has added an average of 10 portable classrooms each year for the last 4 years. CMCSS has not constructed a school since 2015 and is at it's highest growth rate in 30 years. The proposed zoning of 230 acres from AG to E-1 (Single-Family residential development on large lots containing one 1 acre or more) has the potential of adding 230 single family residential homes to this area. Rossview Road Planning Area - One of the most diversified areas of the county in terms of land use. It has the best remaining agricultural land. One of the fastest growing sectors of Montgomery County. Factors affecting growth all average to above average. The Industrial Park is also located in this planning area.

STAFF RECOMMENDATION: **DISAPPROVAL**

- 1. The proposed zoning request is inconsistent with the overall development goals of the adopted Land Use Plan.**

- 2. This tract lies within the "Rural Area" of the adopted 2040 Growth Plan. The "Rural Area" lies outside of the 20 year growth projection of the Urban Growth Boundary. Properties within the "Rural Area" have been identified as areas for the preservation for agricultural lands, forests, recreational areas & wildlife management areas.**

- 3. Preservation of large tracts of agricultural lands in the "Rural Area" should be prioritized. Moderate to large scale residential development in the "Rural Areas" is detrimental to long term planning goals & contributes to sprawl.**

- 4. This property is 3 +/- miles by roadway network to the nearest moderate to large scale subdivision. A traffic assessment was provided that shows acceptable Levels of Service. These LOSs are based on the rural nature of the area.**

Rezoning request for Corner of Guthrie Rd and Rossvie Rd

1 message

Mr. John Spainhoward, Zoning

This email is in reference to our conversation on 7/16/2020 reference the rezoning request for the approximate 230 acres at the corner of Rossvie Road and Guthrie Road.

My family and I have serious concerns about the acreage getting rezoned to E-1 single family homes with a minimum of one acre lots.

In its present state, the infrastructure in this area cannot withstand potentially the building of an additional 200 plus homes. The corner property is in a dangerous area of Rossvie Road (blind curves, hill) where one already has to use caution before turning into Guthrie Road. Guthrie Road is not a "main" road. The additional traffic will be too much for the road and also present a potential traffic hazard again due to blind curves on Guthrie Road leading up to Rossvie Road.

We are located at **3424 Guthrie Road** which is the end of the water line from the direction of Rossvie Road. We fear that the water department infrastructure will not be able to handle that many additional homes and will impact the water service for those of us who have lived in this area for decades.

It goes without saying that having that many new homes in this area will impact school zoning which is already overcrowded for this particular zoning area(s).

We are making some generous assumptions that with 230 acres that potentially 30-50 acres will be avoided due to sink holes or potential sink holes and will be used in creating roadways and common areas (park/playground). This would leave the potential of 180-200 new homes with one acre lots. We feel that most developers are in the business to turn a profit so we are making another assumption that the lot sizes will be the minimum required to generate the most profit.

Fire service protection in this area is volunteer which also raises another concern.

It was also mentioned that there is another similar rezoning request for the corner of Kirkwood and Buck. Although we do not live in that immediate area, some of the same concerns would apply with impact to the infrastructure, increased traffic in that area and school zoning.

I would like to say again that we are sincerely concerned for the impact that this Rossvie Rd/Guthrie Road rezoning would have on the infrastructure, safety and quality of life for those of us who have lived in this area for decades.

Thank you for your time...

Sincerely,

Rannah Earp

Hello, my name is Sarah Burkholder. My husband and I live at [3255 Rossvie Road](#) and we recieved mail that the land that surrounds our home is trying to get the zone changed. My husband is a veteran who desperately needed to get out of the city and all the noise. We just purchased our home and feel that if the zone to be changed. The development of more homes would impede on our enjoyment of our home. The city continues to expand out in county and when will enough be enough? There is many wildlife that will no longer have a home and Clarksville hardly has an country living any longer.

Thank you,

Sarah Burkholder

John - We based our comment for Case CZ-12-2020 on the zoning ordinances for E-1 which allows for 1 acre lots. Until we see a plat or a site design we must assume the designers intent is to maximize units per acre rather than minimize them.

We were not provided with the traffic assessment information you reference indicating that the property would generate 150 lots. We made simply made a conservative estimate based on total acres.

We will be glad to consider your 10 year lot yield for future comments if you provide it.

What we want your committee to note in this case, and in other cases where you receive comment from us: The schools we are commenting on are ALREADY over capacity or approaching capacity. The actual number of lots that will eventually be approved on zoning cases will not be generating students for a number of years. What is important for the Planning Commission to understand is that these lots will be cumulative (on top of what's already there). There are already over 1,700 available lots in this region where schools are already over capacity. Whether your committee considers 150 lots or 230 lots in this case, we just want them to understand that those lots will be cumulative with the other 200+/- lots that have been approved in this region since January. On top of the existing 1,700 lots that we do not currently have the capacity to serve.

The actual number of lots that CMCSS will use for planning purposes is provided to us by the RPC after those plats have been approved.

Thanks for double checking,

Gentlemen,

I wanted to follow up regarding the CMCSS comments for CZ-12-2020 (Rossvie Rd. & Guthrie Rd.) The comment states that 230 acres of E-1 lots of 1 acre or more would have the potential of adding 230 single-family homes.

Please be aware that the historical estimate for E-1 zoning is 0.645 lots per acre. The proposed 230 acres would historically produce 148 +/- lots. This takes into account the roadway infrastructure, topography etc. This is also in line with the Traffic Assessment submittal that anticipates the property to generate 150 single-family lots.

We are due to update the "10 Year Historical Lot Yield" for each zoning classification. If your office would like those yields please let me know. We would be happy to share the data.

1. The proposed zoning request is consistent with the adopted Land Use Plan.

- C.10. Payment of Invoice. A payment by the State shall not prejudice the State's right to object to or question any reimbursement, invoice, or related matter. A payment by the State shall not be construed as acceptance of any part of the work or service provided or as approval of any amount as an allowable cost.
- C.11. Non-allowable Costs. Any amounts payable to the Grantee shall be subject to reduction for amounts included in any invoice or payment that are determined by the State, on the basis of audits or monitoring conducted in accordance with the terms of this Grant Contract, to constitute unallowable costs.
- C.12. State's Right to Set Off. The State shall give the Grantee at least thirty (30) days written notice before the effective termination date. The Grantee shall be entitled to compensation for authorized expenditures and satisfactory services completed as of the termination date, but in no event shall the State be liable to the Grantee for compensation for any service that has not been rendered. The final decision as to the amount for which the State is liable shall be determined by the State. - D.12. Public Accountability. If the Grantee is subject to Tenn. Code Ann. § 8-4-401 *et seq.*, or if this Grant Contract involves the provision of services to citizens by the Grantee on behalf of the State, the Grantee agrees to establish a system through which recipients of services may present grievances about the operation of the service program. The Grantee shall maintain documentation for the basis of each procurement for which reimbursement is paid pursuant to this Grant Contract. - D.21. Strict Performance. Failure by any party to this Grant Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Grant Contract is not a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Grant Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties.
- D.22. Independent Contractor. The parties shall not act as employees, partners, joint venturers, or associates of one another in the performance of this Grant Contract. The parties acknowledge that they are independent contracting entities and that nothing in this Grant Contract shall be construed to create a principal/agent relationship or to allow either to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.
- D.23. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Grant Contract. In no event will the State be liable to the Grantee or any other party for any lost revenues, lost profits, loss of business, loss of grant funding, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Grant Contract or otherwise. The State's total liability under this Grant Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability originally established in Section C.1 of this Grant Contract. This limitation of liability is cumulative and not per incident.
- D.24. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the party except to the extent that the non-performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Grant Contract. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Grant Contract arising from a Force Majeure Event is not a default under this Grant Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Grantee's representatives, suppliers, subcontractors, customers or business apart from this Grant Contract

is not a Force Majeure Event under this Grant Contract. Grantee will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Grantee's performance longer than forty-eight (48) hours, the State may, upon notice to Grantee: (a) cease payment of the fees until Grantee resumes performance of the affected obligations; or (b) immediately terminate this Grant Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Grantee will not increase its charges under this Grant Contract or charge the State any fees other than those provided for in this Grant Contract as the result of a Force Majeure Event.

- D.25. Tennessee Department of Revenue Registration. The Grantee shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 through 67-6-608. Compliance with applicable registration requirements is a material requirement of this Grant Contract.
- D.26. Charges to Service Recipients Prohibited. The Grantee shall not collect any amount in the form of fees or reimbursements from the recipients of any service provided pursuant to this Grant Contract.
- D.27. State Interest in Equipment or Motor Vehicles. The Grantee shall take legal title to all equipment or motor vehicles purchased totally or in part with funds provided under this Grant Contract, subject to the State's equitable interest therein, to the extent of its *pro rata* share, based upon the State's contribution to the purchase price. The term "equipment" shall include any article of nonexpendable, tangible, personal property having a useful life of more than one year and an acquisition cost which equals or exceeds five thousand dollars (\$5,000.00). The term "motor vehicle" shall include any article of tangible personal property that is required to be registered under the "Tennessee Motor Vehicle Title and Registration Law", Tenn. Code Ann. Title 55, Chapters 1-6.

As authorized by the Tennessee Uniform Commercial Code, Tenn. Code Ann. Title 47, Chapter 9 and the "Tennessee Motor Vehicle Title and Registration Law," Tenn. Code Ann. Title 55, Chapters 1-6, the parties intend this Grant Contract to create a security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this Grant Contract. A further intent of this Grant Contract is to acknowledge and continue the security interest in favor of the State in the equipment or motor vehicles acquired by the Grantee pursuant to the provisions of this program's prior year Grant Contracts between the State and the Grantee.

The Grantee grants the State a security interest in all equipment or motor vehicles acquired in whole or in part by the Grantee under this Grant Contract. This Grant Contract is intended to be a security agreement pursuant to the Uniform Commercial Code for any of the equipment or motor vehicles herein specified which, under applicable law, may be subject to a security interest pursuant to the Uniform Commercial Code, and the Grantee hereby grants the State a security interest in said equipment or motor vehicles. The Grantee agrees that the State may file this Grant Contract or a reproduction thereof, in any appropriate office, as a financing statement for any of the equipment or motor vehicles herein specified. Any reproduction of this or any other security agreement or financing statement shall be sufficient as a financing statement. In addition, the Grantee agrees to execute and deliver to the State, upon the State's request, any financing statements, as well as extensions, renewals, and amendments thereof, and reproduction of this Grant Contract in such form as the State may require to perfect a security interest with respect to said equipment or motor vehicles. The Grantee shall pay all costs of filing such financing statements and any extensions, renewals, amendments and releases thereof, and shall pay all reasonable costs and expenses of any record searches for financing statements the State may reasonably require. Without the prior written consent of the State, the Grantee shall not create or suffer to be created pursuant to the Uniform Commercial Code any other security

interest in said equipment or motor vehicles, including replacements and additions thereto. Upon the Grantee's breach of any covenant or agreement contained in this Grant Contract, including the covenants to pay when due all sums secured by this Grant Contract, the State shall have the remedies of a secured party under the Uniform Commercial Code and, at the State's option, may also invoke the remedies herein provided.

The Grantee agrees to be responsible for the accountability, maintenance, management, and inventory of all property purchased totally or in part with funds provided under this Grant Contract. The Grantee shall tag equipment or motor vehicles with an identification number which is cross referenced to the equipment or motor vehicle item on the inventory control report. The Grantee shall inventory equipment or motor vehicles annually. The Grantee must compare the results of the inventory with the inventory control report and investigate any differences. The Grantee must then adjust the inventory control report to reflect the results of the physical inventory and subsequent investigation.

The Grantee shall submit its inventory control report of all equipment or motor vehicles purchased with funding through this Grant Contract within thirty (30) days of its end date and in form and substance acceptable to the State. This inventory control report shall contain, at a minimum, the requirements specified above for inventory control. Should the equipment or motor vehicles be destroyed, lost, or stolen, the Grantee shall be responsible to the State for the *pro rata* amount of the residual value at the time of loss based upon the State's original contribution to the purchase price.

Upon termination of the Grant Contract, where a further contractual relationship is not entered into, or at another time during the term of the Grant Contract, the Grantee shall request written approval from the State for any proposed disposition of equipment or motor vehicles purchased with Grant funds. P R O P O S A L

OF THE DEPARTMENT OF TRANSPORTATION OF THE STATE OF TENNESSEE

TO THE COUNTY OF MONTGOMERY, TENNESSEE:

The DEPARTMENT OF TRANSPORTATION of the State of Tennessee, hereinafter “DEPARTMENT”, proposes to construct a project in the County of Montgomery, Tennessee, hereinafter “COUNTY”, designated as Federal Project No. , State Project No. 63021-3224-04,63021-2224-04 , that is described as “(US-41A), From McAdoo Creek Road to East of SR-76 in Clarksville (Sidewalks) Route: SR-112”, provided the COUNTY agrees to cooperate with the DEPARTMENT as set forth in this proposal, so that the general highway program may be carried out in accordance with the intent of the General Assembly of the State.

Accordingly, the parties agree as follows:

1. That in the event any civil actions in inverse condemnation or for damages are instituted by reason of the DEPARTMENT, or its contractor, going upon the highway right-of-way and easements, and constructing said project in accordance with the plans and as necessary to make the completed project functional, it will notify in writing the Attorney General of the State, whose address is 425 Fifth Avenue North, Nashville, Tennessee, 37243, of the institution of each civil action, the complaint and all subsequent pleadings, within ten (10) days after the service of each of the same, under penalty of defending such actions and paying any judgments which result therefrom at its own expense.

2. The COUNTY will close or otherwise modify any of its roads or other public ways if indicated on the project plans, as provided by law.

3. The COUNTY will transfer or cause to be transferred to the DEPARTMENT, without cost to the DEPARTMENT, all land owned by the COUNTY or by any of its instrumentalities as

required for right-of-way or easement purposes, provided such land is being used or dedicated for road or other public way purposes.

4. Where privately, publicly or cooperatively owned utility lines, facilities and systems for producing, transmitting or distributing communications, power, electricity, light, heat, gas, oil, crude products, water, steam, waste, storm water not connected with highway drainage, and other similar commodities, including publicly owned facilities such as fire and police signal systems and street lighting systems are located within the right-of-way of any road or other public way owned by the COUNTY, or any of its instrumentalities, the COUNTY agrees that it will take any action necessary to require the removal or adjustment of any of the above-described facilities as would conflict with the construction of the project. But the foregoing may not be a duty of the COUNTY since it shall become operative only after the DEPARTMENT has been unsuccessful in its efforts to provide for said removals or adjustments for the benefit of the COUNTY.

The foregoing does not apply to those utility facilities which are owned by the COUNTY or one of its instrumentalities, it being understood that the COUNTY has the duty to relocate or adjust such facilities, if required, provided the COUNTY is notified to do so by the DEPARTMENT with detailed advice as to this duty of the COUNTY.

5. The COUNTY will maintain any frontage road to be constructed as part of the project;

6. After the project is completed and open to traffic, the COUNTY will accept jurisdiction and maintenance such parts of any existing DEPARTMENT highway to be replaced by the project, as shown on the attached map.

7. The COUNTY will make no changes or alter any segment of a road on its road system that lies within the limits of the right-of-way acquired for any interchange to be constructed as part of the project and will not permit the installation or relocation of any utility

facilities within the right-of-way of any such a segment of one of its roads without first obtaining the approval of the DEPARTMENT.

8. No provision hereof shall be construed as changing the maintenance responsibility of the COUNTY for such part of the project as may presently be on its highway, street, road or bridge system.

9. It is understood and agreed between the DEPARTMENT and the COUNTY that all traffic control signs for the control of traffic on a street under the jurisdiction of the COUNTY and located within the DEPARTMENT's right-of-way shall be maintained and replaced by the COUNTY.

10. When traffic control devices for the direction or warning of traffic, lighting of roadways or signing, or any of them, which are operated or function by the use of electric current are constructed or installed as part of the project, they will be furnished with electricity and maintained by the COUNTY.

11. If, as a result of acquisition and use of right-of-way for the project, any building and/or structure improvements become in violation of a COUNTY setback line or building and/or structure requirement, including, but not limited to, on-premise signs, the COUNTY agrees to waive enforcement of the COUNTY setback line or building and/or structure requirement and take other proper governmental action as necessary to accomplish such waiver.

12. If, as a result of acquisition and use of right-of-way for the project, any real property retained by any property owner shall become in violation of a COUNTY zoning regulation or requirement, the COUNTY agrees to waive enforcement of the COUNTY zoning regulation or requirement and take other proper governmental action as necessary to accomplish such waiver.

13. The COUNTY will not authorize encroachments of any kind upon the right-of-way, nor will the COUNTY authorize use of the easements for the project in any manner which affects

the DEPARTMENT's use thereof.

14. The COUNTY will obtain the approval of the DEPARTMENT before authorizing parking on the right-of-way and easements for the project.

15 The COUNTY will not install or maintain any device for the purpose of regulating the movement of traffic on the roadway except as warranted and in conformity with the Manual on Uniform Traffic Control Devices.

16. If the project is classified as full access control (i.e. a project which has no intersecting streets at grade), then the DEPARTMENT will maintain the completed project. If the project is not classified as full access control, then the DEPARTMENT will maintain the pavement from curb to curb where curbs exist, or will maintain full width of the roadway where no curb exist. The COUNTY agrees to maintain all other parts of non-access control projects; provided, however, that any retaining walls, box culverts, or other like structures constructed as part of the project that supports the structural integrity or stability of the roadway surface shall be maintained by the DEPARTMENT.

17. If a sidewalk is constructed as a component of this project, the COUNTY shall be responsible for maintenance of the sidewalk and shall assume all liability for third-party claims for damages arising from its use of the sidewalk or premises beyond the DEPARTMENT'S maintenance responsibilities as set forth in section 16 of this proposal.

18. When said project is completed, the COUNTY thereafter will not permit any additional median crossovers, the cutting of the pavement, curbs, gutters and sidewalks, by any person, firm, corporation, or governmental agency, without first obtaining the approval of the DEPARTMENT.

19. The DEPARTMENT will acquire the right-of-way and easements, construct the project and defend any inverse condemnation for damage or civil actions of which the Attorney

General has received the notice and pleadings provided for herein; provided, however, that if the project is being constructed pursuant to a contract administered by the DEPARTMENT's Local Programs Development Office, the terms of that contract shall control in the event of a conflict with this proposal.

20. The project plans hereinbefore identified by number and description are incorporated herein by reference and shall be considered a part of this proposal, including any revisions or amendments thereto, provided a copy of each is furnished the COUNTY.

21. The acceptance of this proposal shall be evidenced by the passage of a resolution or by other proper governmental action, which shall incorporate this proposal verbatim or make reference thereto.

IN WITNESS WHEREOF, the DEPARTMENT has caused this proposal to be executed by its duly authorized official on this the ____ day of _____, 20__.

RESOLUTION TO LEVY A COUNTY-WIDE MOTOR VEHICLE TAX

WHEREAS, *Tennessee Code Annotated*, (T.C.A.) §5-8-102, authorizes counties to levy a motor vehicle privilege tax as a condition precedent to the operation of a motor vehicle within a county; and

WHEREAS, Montgomery County previously authorized a Motor Vehicle Privilege Tax and last amended the same in 2017 and there now exists a motor vehicle privilege tax of \$48.00 (Forty-Eight Dollars and no cents); and

WHEREAS, the need for revenue dedicated to fund school system growth is great in Montgomery County and an increase of \$25.00 (Twenty-Five Dollars and no cents) in such tax is necessary for funding such growth; and

WHEREAS, all revenues generated by this increase of \$25.00 (Twenty Five Dollars and no cents) to the motor vehicle privilege tax herein levied and created by passage of this resolution shall be placed in the County Capital Projects Fund and shall be used exclusively for the costs to build or design new school construction, school construction debt, infrastructure, or additions. The proceeds of the additional \$25.00 (Twenty-Five Dollars and no cents) motor vehicle privilege tax herein levied and created by passage of this resolution shall not be used for other general operating expense or any other purpose.

NOW, THEREFORE BE IT RESOLVED by the Montgomery County Board of Commissioners assembled in regular session on this the 12th day of October 2020, that the previous existing Resolution (17-3-4) is amended as follows:

SECTION 1. For the privilege of using the public roads and highways, in Montgomery County, Tennessee, there is levied upon motor-driven vehicles, and upon the privilege of the operation thereof, except vehicles owned by any governmental agency or governmental instrumentality and except for other exemptions provided by general law, a special privilege tax for the benefit of such county, the same is amended by an increase of \$25.00 (Twenty Five Dollars and no cents) which tax shall be the total amount of \$73.00 (Seventy Three Dollars and no cents) for each such motor-driven vehicle, the owner of which resides within said county.

This tax applies to, is a levy upon, and shall be paid on each motor-driven vehicle, the owner of which resides within said county.

SECTION 2. The tax herein levied shall be paid to and collected by the County Clerk of Montgomery County, who is authorized by T.C.A. §67-4-103, to collect such privilege taxes. The County Clerk shall impose a fee of \$1.00 (One Dollar) to collect such privilege tax.

SECTION 3. Payment of the privilege tax imposed hereunder shall be evidenced by a receipt, issued by the County Clerk, the original of which shall be kept by the owner of the motor-driven vehicle.

SECTION 4. The privilege tax or wheel tax herein levied, when paid together with full, complete, and explicit performance of and compliance with all provisions of this resolution, by the owner, shall entitle the owner of the motor-driven vehicle for which said tax was paid to operate or allow to be operated such vehicle over the streets, roads, and highways of the county for a period of one year which will run concurrently with the period established for the state registration fees by T.C.A. § 55-4-104.

SECTION 5. The proceeds of the additional increase of \$25.00 (Twenty Five Dollars and no cents) motor vehicle privilege tax herein levied and created by passage of this resolution shall be placed in the County Capital Projects Fund and shall be used exclusively for the costs to build or design new school construction, school construction debt, infrastructure, or additions. The proceeds of the additional \$25.00 (Twenty-Five Dollars and no cents) motor vehicle privilege tax herein levied and created by passage of this resolution shall not be used for other general operating expense or any other purpose.

SECTION 6. If any provision of this resolution or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this resolution which can be given effect without the invalid provision or application, and to that end the provisions of this resolution are declared to be severable. Except as shown herein, no other existing provisions of the Montgomery County Motor Vehicle Tax is amended.

SECTION 7. This resolution shall have no effect unless it is approved by a two-thirds (2/3) vote of the county legislative body of Montgomery County at two (2) consecutive regularly scheduled meetings.

SECTION 8. For the purpose of approving or rejecting the provisions of this act, it shall be effective upon being approved by a two-thirds (2/3) vote of the county legislative body of Montgomery County at two (2) consecutive regularly scheduled meetings. For the purpose of collection of the tax herein levied, such collection shall begin on the first day of February 2021, unless this resolution is subject to a referendum election pursuant to T.C.A. § 5-8-102, whereupon collection of the tax herein levied shall begin on the first day of the month after 90 days following the month that this resolution is approved at a referendum.

SECTION 9. The Privilege Tax imposed for the use of the highways in Montgomery County and operation thereon shall not apply to nonresident military personnel. The county clerk shall not require such nonresident military personnel to pay the local motor vehicle privilege tax when such person is paying the state registration fee. This exemption is limited to one per servicemember.
