INTRODUCTION

This Evidence of Coverage (this “EOC”) was created for the Employer (listed on the cover of this EOC) as part of its Employee welfare plan (the “Plan”). References in this EOC to the “Administrator” mean BlueCross BlueShield of Tennessee, Inc., or BlueCross. The pronouns “we”, “us”, and “our” used throughout this EOC refer to BlueCross. The Employer has entered into an Administrative Services Agreement (ASA) with BlueCross for it to administer the claims Payments under the terms of the EOC, and to provide other services. BlueCross does not assume any financial risk or obligation with respect to Plan claims. BlueCross is not the Plan Sponsor, the Plan Administrator or the Plan Fiduciary. The Employer is the Plan Fiduciary, the Plan Sponsor and the Plan Administrator. These ERISA terms are used in this EOC to clarify their meaning, even though the Plan is not subject to ERISA. Other federal laws may also affect Your Coverage. To the extent applicable, the Plan complies with federal requirements.

This EOC describes the terms and conditions of Your Coverage through the Plan. It replaces and supersedes any Certificate or other description of benefits You have previously received from the Plan.

PLEASE READ THIS EOC CAREFULLY. IT DESCRIBES THE RIGHTS AND DUTIES OF MEMBERS. IT IS IMPORTANT TO READ THE ENTIRE EOC. CERTAIN SERVICES ARE NOT COVERED BY THE PLAN. OTHER COVERED SERVICES ARE OR MAY BE LIMITED. THE PLAN WILL NOT PAY FOR ANY SERVICE NOT SPECIFICALLY LISTED AS A COVERED SERVICE, EVEN IF A HEALTH CARE PROVIDER RECOMMENDS OR ORDERS THAT NON-COVERED SERVICE.

Employer has delegated discretionary authority to make any benefit or eligibility determinations to the administrator; the Employer also has the authority to make any final Plan determination. The Employer, as the Plan Administrator, and BlueCross also have the authority to construe the terms of Your Coverage. The Plan and BlueCross shall be deemed to have properly exercised that authority unless it abuses its discretion

when making such determinations, whether or not the Employer’s benefit plan is subject to ERISA. The Employer retains the authority to determine whether You or Your dependents are eligible for Coverage.

ANY GRIEVANCE RELATED TO YOUR COVERAGE UNDER THIS EOC SHALL BE RESOLVED IN ACCORDANCE WITH THE “GRIEVANCE PROCEDURE” SECTION OF THIS EOC.

In order to make it easier to read and understand this EOC, defined words are capitalized. Those words are defined in the “DEFINITIONS OF TERMS” section of this EOC.

Please contact one of the administrator’s consumer advisors, at the number listed on the Subscriber’s membership ID card, if You have any questions when reading this EOC. The consumer advisors are also available to discuss any other matters related to Your Coverage from the Plan.

INDEPENDENT LICENSEE OF THE BLUECROSS BLUESHIELD ASSOCIATION

BlueCross is an independent corporation operating under a license from the BlueCross BlueShield Association (the “Association”). That license permits BlueCross to use the Association’s service marks within its assigned geographical location. BlueCross is not a joint venturer, agent or representative of the Association nor any other independent licensee of the Association.

RELATIONSHIP WITH NETWORK PROVIDERS

1. Independent Contractors

Network Providers are not Employees, agents or representatives of the administrator. Such Providers contract with the administrator, which has agreed to pay them for rendering Covered Services to Members. Network Providers are solely responsible for making all medical treatment decisions in consultation with their Member-patients. The Employer and the administrator do not make medical treatment decisions under any circumstances.

While the administrator has the authority to make benefit and eligibility

determinations and interpret the terms of Your Coverage, the Employer, as the Plan Administrator as that term is defined in ERISA, has the discretionary authority to make the final determination regarding the terms of Your Coverage (“Coverage Decisions”). Both the administrator and the Employer make Coverage Decisions based on the terms of this EOC, the ASA, the administrator’s participation agreements with Network Providers, the administrator’s internal guidelines, policies, procedures, and applicable State or Federal laws. The Employer retains the authority to determine whether You or Your dependents are eligible for Coverage.

The administrator’s participation agreements permit Network Providers to dispute Coverage Decisions if they disagree with those Decisions. If Your Network Provider does not dispute a Coverage Decision, You may request reconsideration of that Decision as explained in the Grievance Procedure section of this EOC. The participation agreement requires Network Providers to fully and fairly explain Coverage Decisions to You, upon request, if You decide to request that the administrator reconsider a Coverage Decision.

The administrator has established various incentive arrangements to encourage Network Providers to provide Covered Services to You in an appropriate and cost effective manner. You may request information about Your Provider’s Payment arrangement by contacting the administrator’s customer service department.

2. Termination of Providers’ Participation

The administrator or a Network Provider may end their relationship with each other at any time. A Network Provider may also limit the number of Members that he, she or it will accept as patients during the term of this Agreement. The administrator does not promise that any specific Network Provider will be available to render services while You are covered.

3. Provider Directory

A Directory of Network Providers is available at no additional charge to

You. You may also check to see if a Provider is in Your Plan’s Network by going online to www.bcbst.com.

NOTIFICATION OF CHANGE IN STATUS

Changes in Your status can affect the service under the Plan. To make sure the Plan works correctly, please notify the customer service department at the number listed on the Subscriber’s membership ID card when You change:

- name;
- address;
- telephone number;
- employment; or
- status of any other health coverage You have.

Subscribers must notify the administrator of any eligibility or status changes for themselves or Covered Dependents, including:

- the marriage or death of a family member;
- divorce;
- adoption;
- birth of additional dependents; or
- termination of employment.

Calculation of Coinsurance

As part of the efforts to contain health care costs, BlueCross has negotiated agreements with Hospitals under which BlueCross receives a discount on Hospital bills. In addition to such discounts, BlueCross also has some agreements with Hospitals under which payment is based upon other methods of payment (such as flat rates, capitation or per diem amounts).

Your Coinsurance will be based upon the same dollar amount of payment that BlueCross uses to calculate its portion of the claims payment to the Hospital, regardless of whether Our payment is based upon a discount or an alternative method of payment.

6. Benefits will be available, subject to the Deductible and Coinsurance and the criteria below, for the following four surgical procedures for the treatment of morbid obesity:

 - b. Gastric segmentation along the vertical axis with a Roux-en-Y bypass with distal anastomosis placed in the jejunum. Restricts the size of the stomach by stapling shut 90% of the lower stomach. The proximal intestinal anatomy is rearranged, thereby bypassing the duodenum.
 - c. Gastric banding. Involves placing a gastric band around the outside of the stomach. The stomach is not entered.
 - d. Duodenal switch/biliopancreatic bypass. A variant of the biliopancreatic bypass. Instead of performing a distal gastrectomy, a "sleeve" gastrectomy is performed along the vertical axis of the stomach. The sleeve gastrectomy decreases the volume of the stomach and the parietal cell mass. This procedure is only appropriate for persons with a BMI in excess of 60.

The following criteria must be met before benefits are available for the procedures listed above:

- a. Presence of morbid obesity that has persisted for a least five (5) years, defined as either:

 - (7) Age greater than forty-five (45) years in men and fifty-five (55) years in women; or
 - Body Mass Index exceeding 60 for consideration of the duodenal switch/biliopancreatic bypass procedure.
- b. History of failure of medical/dietary therapies (including low calorie diet, increased physical activity and behavioral reinforcement). This attempt as conservative management must be within two (2) years prior to surgery, and must be documented by an attending physician who does not perform bariatric surgery. (Failure of conservative therapy is defined as an inability to lose more than ten (10) percent of body weight over a six (6) month period and maintain weight loss).
- c. There must be documentation of Medical evaluation of the individual for the condition of morbid obesity and/or its co-morbidities by a physician other than the operating surgeon and his/her associates, and documentation that this evaluating physician concurs with the recommendation for bariatric surgery.

Prior Authorization is required. BlueCross will determine if all the criteria have been met before approving surgery.

 - twenty or more total years of employment with three years of medical coverage in this Plan immediately prior to retirement, provided the period of time between the Employee's final termination date and the date retirement benefits commence (retirement date) may be up to five years; or
 - ten, but less than 20, total years of employment, with three continuous years of medical coverage in this Plan immediately prior to retirement, provided the date retirement benefits commence (retirement date) must immediately follow the Employee's date of final termination from employment.

Employees approved under these provisions may continue coverage until the earlier of the Employee's 65th birthday or he/she qualifies for Medicare. They must elect to continue medical coverage within 31 days of application for retirement benefits and will pay the appropriate contribution for Retirees as set by the Insurance Trust. Service years with CMCSS will determine the level of contribution to be made by Employer. Said contribution will not exceed 10 years. For Employees who elected Two-Person or Family coverage, coverage may be continued on (1) their eligible Dependent Spouse until the earlier of the Dependent Spouse's attainment of age 65 or he/she qualifies for Medicare, and (2) their eligible Dependent Children until the child reaches the Dependent Child Limiting Age or qualifies for Medicare.

- If TCRS Retirees do not elect to continue medical coverage within the 31-day application period for retirement benefits, they may continue coverage only if approved as a Late Enrollee by BlueCross BlueShield of Tennessee.
- Retired Employees must remain continuously enrolled in the Clarksville group plan after retirement. If they retire, then decide to teach at another school system, they cannot drop

coverage and later re-enroll in the Clarksville Plan.

- For Employees who have attained age 65 or qualified for Medicare when applying for retirement benefits, they can continue Two-Person or Family coverage on their eligible Dependents only if they had elected such coverage prior to the time retirement benefits were applied for.
- Spouses of TCRS Retirees can be covered under the Plan only if the TCRS Retiree was covered under the plan.
- If a TCRS Retiree was covered under the Plan and elected single coverage at the time retirement benefits were applied for, and subsequently acquired new Dependents as defined by the Dependent eligibility guidelines of this Plan, he/she can elect to cover these Dependents until the earlier of the TCRS Retiree's attainment of age 65 or he/she qualifies for Medicare.
- If a TCRS Retiree should predecease or divorce his/her Spouse, and subsequently remarry while covered under the Plan, he/she can cover himself/herself and his/her new Dependents until the earlier of his/her attainment of age 65 or he/she qualifies for Medicare.
- If a TCRS Retiree's Spouse should predecease or divorce the Retiree, and subsequently remarries while covered under the Plan, he/she can continue coverage on himself/herself and his/her eligible Dependents under the earlier of the Spouse's attainment of age 65 or he/she qualifies for Medicare.
- If a TCRS Retiree should initially qualify for Medicare, then lose Medicare coverage as a result in improvement in his/her medical condition, he/she will be allowed to re-enroll in the Plan until the earlier of attainment of age 65 or he/she re-qualifies for Medicare.
- The Insurance Trust reserves the right to amend or terminate the Plan or change contributions at any time, for any reason, and without notice.

There is neither vesting in benefits nor a vested right to benefits.

- be a Disability Retiree meeting the required specified conditions.

To be eligible to continue coverage, the Retiree must be receiving a monthly retirement benefit from TCRS and cannot be eligible for Medicare.

DEPENDENTS OF A DECEASED EMPLOYEE

Coverage for the Dependents of a deceased Employee will remain in force until the end of the month in which the Employee's death occurred. Coverage will then be available under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

EFFECTIVE DATE

The different types of coverage available to Employees are shown above.

If the Employee has met the eligibility requirements and the Employee and his or her Eligible Dependents apply when first eligible (or within 31 days), coverage will be effective on the next Effective Date BlueCross bills the Employer. If the Employee and his or her Eligible Dependents do not apply when first eligible, the Employee will be subject to the requirements explained in "Late Enrollment" shown on a following page.

Employees and their Dependents will not be covered until their completed application for coverage, listing all eligible Dependents, has been received by BlueCross and the Employee has been issued a membership ID card or has received other written notice that coverage is in effect.

APPLYING FOR COVERAGE

After meeting the eligibility requirements, You may apply for one of the types of coverage shown above.

To be eligible to enroll as a Dependent, a person must be listed on the enrollment form completed by the Subscriber, meet all Dependent eligibility criteria established by the Employer, and be:

- The Subscriber's current spouse as defined by the Employer; or
- The natural, legally adopted, or step-child(ren) of the Subscriber or the Subscriber's spouse who is under the age limit stated on the Schedule of Benefits.

In addition, Eligible Dependents shall include children placed with the Subscriber or the Subscriber's spouse pending adoption and children for whom the Subscriber or Subscriber's spouse is court-appointed legal guardian; or

- A child of Subscriber or Subscriber's spouse for whom a Qualified Medical Child Support Order has been issued; or
- An unmarried child, as defined above, who is, and continues to be, both (1) incapable of self-sustaining employment by reason of mental or physical handicap, and (2) chiefly dependent upon the Subscriber for economic support and maintenance, provided proof of such incapacity and dependency is furnished within 31 days of the child's attainment of the applicable Limiting Age and subsequently as may be required by BlueCross, but not more frequently than annually. In addition, such unmarried child must be a Dependent enrolled under this Plan or another plan (with no break in coverage, or no break greater than 63 days) prior to attaining the applicable Limiting Age.

BlueCross' determination of eligibility under the terms of this provision shall be conclusive. BlueCross reserves the right to require proof of eligibility including, but not limited to, a certified copy of any Qualified Medical Child Support Order.

Employer agrees to defend or settle, and hold BlueCross harmless from claims, losses, or suits relating to eligibility or insurability of any applicant, Subscriber, Employee or Dependent in administering this provision.

CHANGING COVERAGE

If the Subscriber's marital status changes (marriage or divorce) or if there is a change in the number of children (birth, adoption), the Subscriber may want to change coverage to one of the other options available.

To make a change, the Subscriber should (1) tell the employer, and (2) apply for any needed change within 31 days of the change in family status, date the new Dependent is acquired, etc.

A newborn child of the Subscriber or Subscriber's spouse is a Covered Dependent from the moment of birth. A

legally adopted child including children placed with You for the purpose of adoption, will be Covered as of the date of adoption or placement for adoption. Children for whom the Subscriber or the Subscriber's spouse has been appointed legal guardian by a court of competent jurisdiction, will be Covered from the moment the child is placed in the Subscriber's physical custody. The Subscriber must enroll that child within 31 days of the date of birth. If the Subscriber fails to do so, and an additional Payment is required to cover that child, the Plan will not provide Coverage for that child after 31 days from the child's date of birth.

Changes in coverage will begin on the next Effective Date BlueCross bills the employer for this coverage (normally the first day of the month). Coverage for new Dependents added begins on the date the Dependent is acquired if the application is received within 31 days after that date.

Late Enrollment

If Subscribers wait more than 31 days from the date they are first eligible to apply or add a Dependent, they will be considered a Late Enrollee. Coverage for the Member will otherwise be effective on the next billing date following Our receipt of the application for Coverage.

However, a person will not be considered a Late Enrollee if:

- he or she already had other health care coverage at the time coverage under this plan was previously offered; and
- he or she stated in writing at that time that such other coverage was the reason for declining coverage under this plan; and
- such other coverage is exhausted (if the previous coverage was continuation coverage under COBRA) or the other coverage was terminated because he or she ceased to be eligible or employer contributions for such coverage ended; and
- he or she applies for coverage under this plan within 31 days after the loss of the other coverage.

Dependents who become eligible for coverage under this plan by reason of marriage, birth, adoption or placement for adoption after the Subscriber's Effective Date will not be considered Late Enrollees, provided application

is made by the Subscriber on behalf of such person(s) within 31 days of the marriage, birth, adoption or placement for adoption.

REINSTATEMENT FOR MILITARY PERSONNEL RETURNING FROM ACTIVE SERVICE

An employee who returns to the Employer's active payroll following active military duty may reinstate insurance coverage on the earliest of the following:

- The first day of the month that includes the date on which the military person was discharged from active duty;
- The first of the month following the date of discharge from active duty;
- The date on which the military person returns to the employers active payroll;
- The first of the month following the military persons return to the employer's active payroll.

If coverage is reinstated before the employee returns to the Employer's active payroll, the employee must pay 100 percent of the total premium. In all instances, employees must pay whole month premiums.

Reinstatement of coverage is not automatic. Returning military personnel must reapply within 90 days from the end of their leave before coverage can be reinstated. No waiting period requirements will apply.

Enrollment upon Change in Status

An Employee may be eligible to change his or her Coverage other than during the Open Enrollment Period when he or she has a change in status event. The Employee must request the change within 31 days of the change in status. Any change in the Subscriber's elections must be consistent with the change in status.

To notify the Plan of a change in status event, the Subscriber must submit a change form to the Group representative within 31 days from the date of the event causing that change of status. Such events may include, but are not limited to: (1) marriage or divorce; (2) death of the Subscriber's spouse or dependent; (3) dependency status; (4) Medicare eligibility; (5) coverage by another Payor; (6) birth or adoption of a child; (7) termination of employment, or commencement of employment, of the Subscriber's spouse; (8) switching from

part-time to full-time, or from full-time to part-time status by the Subscriber or the Subscriber's spouse; (9) the Subscriber or the Subscriber's spouse taking an unpaid leave of absence, or returning from unpaid leave of absence; (10) significant change in the health coverage of the Subscriber's or the Subscriber's spouse attributable to the spouse's employment.

SECTION II - INTER-PLAN ARRANGEMENTS

1. Out-of-Area Services

Overview

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called “Inter-Plan Arrangements.” These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever You access healthcare services outside the geographic area We serve, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside of Our service area, You will receive it from one of two kinds of providers. Most providers (“participating providers”) contract with the local Blue Cross and/or Blue Shield Plan in that geographic area (“Host Blue”). Some providers (“nonparticipating providers”) don’t contract with the Host Blue. We explain below how We pay both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all Dental Care Benefits except when paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care Benefits that may be administered by a third party contracted by Us to provide the specific service or services.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when You receive Covered Services within the geographic area served by a Host Blue, We will remain responsible for doing what We agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When You receive Covered Services outside Our service area and the claim is processed through the BlueCard Program, the amount You pay for Covered Services is calculated based on the lower of:

- a. The billed charges for Covered Services; or
- b. The negotiated price that the Host Blue makes available to Us.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to Your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with Your healthcare provider or provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price We have used for Your claim because they will not be applied after a claim has already been paid.

B. Special Cases: Value-Based Programs

- *BlueCard[®] Program*

If You receive Covered Services under a Value-Based Program inside a Host Blue’s service area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Us through average pricing or fee schedule adjustments. Additional information is available upon request.

- *Value-Based Program Definitions*

Accountable Care Organization (ACO): A group of healthcare providers who agree to deliver coordinated care and meet performance benchmarks for quality and affordability in order to manage the total cost of care for their member populations.

Care Coordination: Organized, information-driven patient care activities intended to facilitate the appropriate responses to a Member's healthcare needs across the continuum of care.

Care Coordinator: An individual within a provider organization who facilitates Care Coordination for patients.

Care Coordination Fee: A fixed amount paid by a Blue Cross and/or Blue Shield Licensee to providers periodically for Care Coordination under a Value-Based Program.

Global Payment/Total Cost of Care: A payment methodology that is defined at the patient level and accounts for either all patient care or for a specific group of services delivered to the patient such as outpatient, physician, ancillary, hospital services and prescription drugs.

Negotiated Arrangement, a.k.a., Negotiated National Account Arrangement: An agreement negotiated between a Control/Home Licensee and one or more Par/Host Licensees for any National Account that is not delivered through the BlueCard Program.

Patient-Centered Medical Home (PCMH): A model of care in which each patient has an ongoing relationship with a primary care physician who coordinates a team to take collective responsibility for patient care and, when appropriate, arranges for care with other qualified physicians.

Provider Incentive: An additional amount of compensation paid to a healthcare provider by a Blue Cross and/or Blue Shield Plan, based on the provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.

Shared Savings: A payment mechanism in which the provider and payer share cost savings achieved against a target cost budget based upon agreed upon terms and may include downside risk.

Value-Based Program (VBP): An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

C. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, BlueCross will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

D. Nonparticipating Providers Outside Our Service Area

1. Member Liability Calculation

When Covered Services are provided outside of Our service area by nonparticipating providers, the amount You pay for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable law. In these situations, You may be responsible for the difference between the amount that the nonparticipating provider bills and the payment We will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will

govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, We may use other payment methods, such as billed charges for Covered Services, the payment We would make if the healthcare services had been obtained within Our service area, or a special negotiated payment to determine the amount We will pay for services provided by nonparticipating providers. In these situations, You may be liable for the difference between the amount that the nonparticipating provider bills and the payment We will make for the Covered Services as set forth in this paragraph.

E. Blue Cross Blue Shield Global[®] Core

If You are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), You may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core assists You with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when You receive care from providers outside the BlueCard service area, You will typically have to pay the providers and submit the claims Yourself to obtain reimbursement for these services.

If You need medical assistance services (including locating a doctor or hospital) outside the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

• Inpatient Services

In most cases, if You contact the service center for assistance, hospitals will not require You to pay for covered inpatient services, except for Your cost-share amounts. In such cases, the hospital will submit Your claims to the service center to begin claims processing. However, if You paid in full at the time of service, You must submit a claim to receive reimbursement for Covered Services. You must contact Us to obtain precertification for non-emergency inpatient services.

• Outpatient Services

Physicians, Urgent Care Centers and other outpatient providers located outside the BlueCard service area will typically require You to pay in full at the time of service. You must submit a claim to obtain reimbursement for Covered Services.

• Submitting a Blue Cross Blue Shield Global Core Claim

When You pay for Covered Services outside the BlueCard service area, You must submit a claim to obtain reimbursement. For institutional and professional claims, You should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider’s itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of Your claim. The claim form is available from Us, the service center or online at www.bcbsglobalcore.com. If You need assistance with Your claim submission, You should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

BlueCross also provides Utilization Policies.

BlueCross does not make medical treatment decisions under any circumstances. You may always elect to receive services that do not comply with BlueCross' Care Management requirements or Utilization Policy, but doing so may affect the Coverage of such services.

A. Prior Authorization

BlueCross must Authorize some Covered Services in advance in order for those Covered Services to be paid at the Maximum Allowable Charge without Penalty. Obtaining Prior Authorization is not a guarantee of Coverage. All provisions of this EOC must be satisfied before Coverage for services will be provided.

Services that require Prior Authorization include, but are not limited to:

- Inpatient Hospital and Inpatient Hospice stays (except initial maternity admission)
- Skilled nursing facility and rehabilitation facility admissions
- Certain outpatient Surgeries and/or procedures
- Certain air ambulance services

advisors or visit Our web site at bcbst.com.

If You are receiving services from a Network Provider in Tennessee, and those services require a Prior Authorization the Network Provider is responsible for obtaining Prior Authorization. If the Network Provider fails to obtain Prior Authorization You are not responsible for any Penalty or reduction in benefits, unless You have signed a document agreeing to pay for the service regardless of Coverage.

If You are receiving Inpatient Facility services from a Network Provider outside of Tennessee, and those services require a Prior Authorization, the Network Provider is responsible for obtaining Prior Authorization. If the Network Provider fails to obtain Prior Authorization, You are not responsible for any Penalty or reduction in benefits, unless You have signed a document agreeing to pay for the service regardless of Coverage.

BlueCross may Authorize some services for a limited time. BlueCross must review any request for additional days or services.

B. Care Management

A number of Care Management programs are available to You across the care spectrum, including those with low-risk health conditions and/or complicated medical needs.

Care Management personnel will work with You, Your family, Your doctors and other health care Providers to coordinate care, provide education and support and to identify the most appropriate care setting. Depending on the level of Care

Management needed, Our personnel will maintain regular contact with You throughout treatment, coordinate clinical and health plan Coverage matters, and help You and Your family utilize available community resources.

After evaluation of Your condition, BlueCross may, at its discretion, determine that alternative treatment is Medically Necessary and Medically Appropriate.

In that event, We may elect to offer alternative benefits for services not otherwise specified as Covered Services. Such benefits shall not exceed the total amount of benefits under this EOC and will only be offered in accordance with a written case management or alternative treatment plan agreed to by Your attending physician and BlueCross.

Emerging Health Care Programs - Care Management is continually evaluating emerging health care programs. These are processes that demonstrate potential improvement in access, quality, efficiency, and Member satisfaction. When We approve an emerging health care program, approved services provided through that program are Covered, even though they may normally be excluded under this EOC.

Care Management services, emerging health care programs and alternative treatment plans may be offered to eligible Members on a case-by-case basis to address their unique needs. Under no circumstances does a Member acquire a vested interest in continued receipt of a particular level of benefits. Offer or confirmation of Care Management services, emerging health care programs or alternative treatment plans to address a Member's unique needs in one instance shall not obligate the Plan to provide the same or similar benefits for any other Member.

C. Medical Policy

BlueCross medical policies address new and emerging medical technologies. Medical policies are based on an evidence-based research process that seeks to determine the scientific merit of a particular medical technology. Determinations with respect to technologies are made using technology evaluation criteria. "Technologies" means devices, procedures,

medications and other emerging medical services.

Medical policies state whether or not a technology is Medically Necessary, Investigational or Cosmetic. As technologies change and improve, and as Members' needs change, We may reevaluate and change medical policies without formal notice. You may check Our medical policies at www.bcbst.com. Enter "medical policy" in the Search field.

Medical policies sometimes define certain terms. If the definition of a term defined in Our medical policy differs from a definition in this EOC, the medical policy definition controls.

D. Patient Safety

If You have a concern with the safety or quality of care You received from a Network Provider, please call Us at the number on the membership ID card. Your concern will be noted and investigated by Our Clinical Risk Management department.

SECTION IV - YOUR BENEFITS

Your Network coverage provides benefits for most medical services and supplies received by a covered Subscriber or Dependent. However, not all medical expenses are covered. It is important for You to understand which services are covered by this program.

Most health care coverage contains limitations and exclusions. Most of the limitations and exclusions that apply to this program are outlined in this EOC.

Benefits will be provided under Your coverage only for services or supplies that are Medically Necessary and Medically Appropriate performed and billed by an Eligible Provider. Services must be related to the diagnosis and/or treatment of a Member's illness, injury, or pregnancy. The portion of any charge for a service or supply that is more than the Maximum Allowable Charge amount will not be considered covered.

Your benefits for each expense will normally be a percentage of the Maximum Allowable Charge as stated in the Schedule of Benefits.

You should refer to the Schedule of Benefits to see what benefit maximums apply.

Obtaining services not listed in this Attachment or not in accordance with the administrator's Utilization Policies may result in the denial of payment or a reduction in reimbursement for otherwise eligible Covered Services. Utilization Policies can help Your Provider determine if a proposed service will be Covered.

A Clinical Trial is a prospective biomedical or behavioral research study of human subjects that is designed to answer specific questions about biomedical or behavioral interventions (vaccines, drugs, treatments, devices, or new ways of using known drugs, treatments, or devices). Clinical Trials are used to determine whether new biomedical or behavioral interventions are safe, efficacious, and effective. **Only routine patient care associated with a Clinical Trial (but not the Clinical Trial itself) will be Covered under the Plan's benefits in accordance with Utilization Policies.**

Organ Transplants – All Organ Transplants, Excluding Kidney

Organ transplant benefits are complex. In order to maximize Your benefits, You are **strongly encouraged** to contact the Administrator's Transplant Case Management department by calling the number on the back of Your ID card as soon as Your Practitioner tells You that You might need a transplant.

1. Prior Authorization

Transplant Services require Prior Authorization. Transplant Services that have not received Prior Authorization will not be Covered.

2. Benefits

Transplant benefits are different than benefits for other services.

If a facility in the Blue Distinction Centers for Transplants (BDCT) Network is not used, benefits may be subject to reduced levels as outlined in the Schedule of Benefits. All Transplant Services must meet medical criteria for

the medical condition for which the transplant is recommended.

You have access to three levels of benefits:

a. **Blue Distinction Centers for Transplants (BDCT) Network:**

If You have a transplant performed at a facility in the BDCT Network, You will receive the highest level of benefits for Covered Services. The administrator will pay at the benefit level listed in "Schedule of Benefits" for the BDCT Network. A facility in the BDCT Network cannot bill You for any amount over Your Out-of-Pocket Maximum, which limits Your liability. **Not all Network Providers are in the BDCT Network. Please check with the Transplant Case Management department to determine which facilities are in the BDCT Network for Your specific transplant type.**

b. **Transplant Network:** If You want to receive the maximum benefit, You should use a facility in the BDCT Network. If You instead have a transplant performed at a facility in the Transplant Network (non-BDCT), the Administrator will pay at the benefit level listed in "Schedule of Benefits" for the Transplant Network. Benefits will be limited to the applicable Transplant Maximum Allowable Charge (TMAC). **When You use a facility in the Transplant Network, Network Providers have the right to bill You for any unpaid amount up to the contracted rate; this amount may be substantial. Not all Network Providers are in the Transplant Network. Please check with the Transplant Case Management department to determine if the Transplant Network is the best network available for Your specific transplant type.**

c. **Out-of-Network transplants:** If You have a transplant performed at a facility that is not in the

BDCT Network or Transplant Network, You will receive the lowest level of benefits for Covered Services. The Administrator will pay at the benefit level listed in “Schedule of Benefits” for Out-of-Network Providers. Benefits will be limited to the applicable Transplant Maximum Allowable Charge (TMAC). **The Out-of-Network Provider has the right to bill You for any unpaid Billed Charges over the TMAC; this amount may be substantial. Please check with the Transplant Case Management department to determine if there are facilities available in the BDCT or Transplant Network for Your specific transplant type.**

Note: When the BDCT Network does not include a facility that performs Your specific transplant type, the Plan will pay at the benefit level listed in “Schedule of Benefits” for either the Transplant Network or for Out-of-Network Provider, based on the facility that is used. Benefits will NOT be limited to a Transplant Maximum Allowable Charge (TMAC). **If You use a facility in the Transplant Network, Network Providers have the right to bill You any unpaid amount up to the contracted rate. If You use an Out-of-Network facility, Out-of-Network Providers have the right to bill You for any unpaid Billed Charges. These amounts may be substantial. Please check with the Transplant Case Management department to determine if there are facilities available in the BDCT Network for Your specific transplant type.**

- Donor Search
- Testing for donor’s compatibility
- Removal of the organ/tissue from the donor’s body
- Preservation of the organ/tissue
- Transportation of the tissue/organ to the site of transplant

SECTION VI - CLAIMS AND PAYMENT

When You receive Covered Services, either You or the Provider must submit a claim form to Us. We will review the claim, and let You, or the Provider, know if We need more information, before We pay or deny the claim. We follow Our internal administration procedures when We adjudicate claims.

CLAIMS

Due to federal regulation, there are several terms to describe a claim: pre-service claim; post-service claim; and a claim for Urgent Care.

- a. A pre-service claim is any claim that requires approval of a Covered Service in advance of obtaining medical care as a condition of receipt of a Covered Service, in whole or in part.
- b. A post-service claim is a claim for a Covered Service that is not a pre-service claim – the medical care has already been provided to You. Only post-service claims can be billed to the Plan, or You.
- c. Urgent Care is medical care or treatment that, if delayed or denied, could seriously jeopardize: (1) the life or health of the claimant; or (2) the claimant's ability to regain maximum function. Urgent Care is also medical care or treatment that, if delayed or denied, in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the medical care or treatment. A claim for denied Urgent Care is always a pre-service claim.

CLAIMS BILLING

You should not be billed or charged for Covered Services rendered by Network Providers, except for required Member payments. The Network Provider will submit the claim directly to Us.

You may be charged or billed by an Out-of-Network Provider for Covered Services rendered by that Provider. If You use an Out-of-Network Provider, You are

responsible for the difference between Billed Charges and the Maximum Allowable Charge for a Covered Service. You are also responsible for complying with any of the Plan's medical management policies or procedures (including, obtaining Prior Authorization of such Services, when necessary).

- a. If You are charged, or receive a bill, You must submit a claim to Us.
- b. To be reimbursed, You must submit the claim within 1 year and 90 days from the date a Covered Service was received. If You do not submit a claim, within the 1 year and 90 day time period, it will not be paid. If it is not reasonably possible to submit the claim within the 1 year and 90 day time period, the claim will not be invalidated or reduced.

Not all Covered Services are available from Network Providers. There may be some Provider types that We do not contract with. These Providers are called Non-Contracted Providers. Claims for services received from Non-Contracted Providers are handled as described in sections a. and b. above. You are also responsible for complying with any of the Plan's medical management policies or procedures (including, obtaining Prior Authorization of such Services, when necessary).

You may request a claim form from Our customer service department. We will send You a claim form within 15 days. You must submit proof of payment acceptable to Us with the claim form. We may also request additional information or documentation if it is reasonably necessary to make a Coverage decision concerning a claim.

A Network Provider or an Out-of-Network Provider may refuse to render, or reduce or terminate a service that has been rendered, or require You to pay for what You believe should be a Covered Service. If this occurs:

- a. You may submit a claim to Us to obtain a Coverage decision concerning whether the Plan will Cover that service. For example, if a pharmacy (1) does not provide You with a prescribed medication; or (2) requires You to pay for that prescription, You may submit a claim to the Plan to obtain a Coverage

decision about whether it is Covered by the Plan.

- b. You may request a claim form from Our customer service department. We will send You a claim form within 15 days. We may request additional information or documentation if it is reasonably necessary to make a Coverage decision concerning a claim.
- c. Providers may bill or charge for Covered Services differently. Network Providers are reimbursed based on Our agreement with them. Different Network Providers have different reimbursement rates for different services. Your Out-of-Pocket expenses can be different from Provider to Provider.

PAYMENT

If You received Covered Services from a Network Provider, We will pay the Network Provider directly. You authorize assignment of benefits to that Network Provider. If You have paid that Provider for the same claim, You must request repayment from that Provider. Covered Services will be paid at the Network Benefit level.

Out-of-Network Providers and Non-Contracted Providers may or may not file Your claims for You. A completed claim form for Covered Services must be submitted in a timely manner. After a completed claim form has been submitted, the Plan will pay the Provider directly for Covered Services, unless You submit proof of payment to Us before payment is made to the Provider. You authorize assignment of benefits to the Provider. If the Plan pays the Provider and You have paid that Provider for the same claim, You must request repayment from that Provider. You will be responsible for any unpaid Billed Charges. The Plan's Payment fully discharges its obligation related to that claim.

- d. If the ASA is terminated, all claims for Covered Services rendered prior to the termination date, must be submitted to

the Plan within 1 year and 90 days from the date the Covered Services were received.

- e. We will pay benefits within 30 days after we receive a claim form that is complete. Claims are processed in accordance with current industry standards, and based on Our information at the time We receive the claim form. We are not responsible for over or under payment of claims if Our information is not complete or inaccurate. We will make reasonable efforts to obtain and verify relevant facts when claim forms are submitted.
- f. When a claim is paid or denied, in whole or part, You will receive an Explanation of Benefits (EOB). This will describe how much was paid to the Provider, and also let You know if You owe an additional amount to that Provider. The administrator will send the EOB to the last address on file for You.
- g. You are responsible for paying any applicable Coinsurance or Deductible amounts to the Provider. If We pay such amounts to a healthcare provider on Your behalf, We may collect those cost-sharing amounts directly from You.

Payment for Covered Services is more fully described in the Schedule of Benefits.

"INFORMATION PLEASE.."

Whenever You need to file a claim, We can process it for You more efficiently if You complete a claim form. This will ensure that You provide all the information needed. Most providers will have claim forms, or You can request them from Us by calling the customer service number shown on the membership ID card.

Mail all claim forms to:

BlueCross BlueShield of Tennessee
Claims Service Center
1 Cameron Hill Circle, Suite 0002
Chattanooga, Tennessee 37402-0002

In addition to using a claim form, there are two other ways You can help to ensure timely response to Your claim:

1. Keep Us informed if You have other health insurance.

In processing a claim where two or more group health programs are involved, benefits are coordinated between the two programs. This coordination allows the patient, whenever possible, to meet his health care expenses -- and yet not collect more than the actual costs.

To avoid delays that may occur when We have to ask about Your coverage

under another plan, be sure to let Us know if You become covered under another group health program.

2. Let Us know if You move.

Notify Us of Your new address to make sure You receive claim payments and Explanations of Benefits (EOB) paid on Your behalf. Change of address cards are available through the company's Benefits Manager.

**SECTION VII -
COORDINATION OF BENEFITS**

This EOC includes the following Coordination of Benefits (COB) provision that applies when a Member has coverage under more than one group contract or health care "Plan." Rules of this Section determine whether the benefits available under this EOC are determined before or after those of another Plan. In no event, however, will benefits under this EOC be increased because of this provision.

If this COB provision applies, the order of benefits determination rules should be looked at first. Those rules determine whether the Plan's benefits are determined before or after those of another Plan.

1. Definitions

The following terms apply to this provision:

- a. "Plan" means any form of medical or dental coverage with which coordination is allowed. "Plan" includes:
- (1) group, blanket, or franchise insurance;
 - (2) a group BlueCross Plan, BlueShield Plan;
 - (3) group or group-type coverage through HMOs or other prepayment, group practice and individual practice plans;
 - (4) coverage under labor management trust Plans or employee benefit organization Plans;
 - (5) coverage under government programs to which an employer contributes or makes payroll deductions;
 - (6) coverage under a governmental Plan or coverage required or provided by law;
 - (7) medical benefits coverage in group, group-type, and individual automobile "no-fault" and traditional automobile "fault" type coverages;

- (8) coverage under Medicare and other governmental benefits; and
 - (9) any other arrangement of health coverage for individuals in a group.
- b. "Plan" does not include individual or family:
- (1) Insurance contracts;
 - (2) Subscriber contracts;
 - (3) Coverage through Health Maintenance (HMO) organizations;
 - (4) Coverage under other prepayment, group practice and individual practice plans;
 - (5) Public medical assistance programs (such as TennCaresm);
 - (6) Group or group-type hospital indemnity benefits of \$100 per day or less;
 - (7) School accident-type coverages.

Each Contract or other arrangement for coverage is a separate Plan. Also, if an arrangement has two parts and COB rules apply to only one of the two, each of the parts is a separate Plan.

- c. "This Plan" refers to the part of the employee welfare benefit plan under which benefits for health care expenses are provided.

The term "Other Plan" applies to each arrangement for benefits or services, as well as any part of such an arrangement that considers the benefits and services of other contracts when benefits are determined.

d. Primary Plan/Secondary Plan.

- (1) The order of benefit determination rules state whether This Plan is a "Primary Plan" or "Secondary Plan" as to another plan covering You.
- (2) When This Plan is a Primary Plan, its benefits are determined before those of the Other Plan. We do not consider the Other Plan's benefits.
- (3) When This Plan is a Secondary Plan, its benefits are determined after those of the Other Plan and may be

reduced because of the Other Plan's benefits.

- (4) When there are more than two Plans covering the person, This Plan may be a Primary Plan as to one or more Other Plans, and may be a Secondary Plan as to a different Plan or Plans.
- e. "Allowable Expense" means a necessary, reasonable and customary item of expense when the item of expense is covered at least in part by one or more Plans covering the Member for whom the claim is made.
- (1) When a Plan provides benefits in the form of services, the reasonable cash value of a service is deemed to be both an Allowable Expense and a benefit paid.
 - (2) We will determine only the benefits available under This Plan. You are responsible for supplying Us with information about Other Plans so We can act on this provision.
- f. "Claim Determination Period" means an Annual Benefit Period. However, it does not include any part of a year during which You have no coverage under This Plan or any part of a year prior to the date this COB provision or a similar provision takes effect.

2. **Order of Benefit Determination Rules**

This Plan determines its order of benefits using the first of the following rules that applies:

a. Non-Dependent/Dependent

The benefits of the Plan that covers the person as an Employee, Member, or Subscriber (that is, other than as a Dependent) are determined before those of the Plan that covers the person as a Dependent, except that:

- (1) if the person is also a Medicare beneficiary and,
- (2) if the rule established by the Social Security Act of 1965 (as amended) makes Medicare secondary to the Plan covering

the person as a Dependent of an active Employee, then the order of benefit determination shall be:

- benefits of the Plan of an active Employee covering the person as a Dependent;
- Medicare;
- benefits of the Plan covering the person as an Employee, Member, or Subscriber.

b. Dependent Child/Parents Not Separated or Divorced

Except as stated in Paragraph (c) below, when This Plan and another Plan cover the same child as a Dependent of different persons, called "parents":

- (1) The benefits of the Plan of the parent whose birthday falls earlier in a year are determined before those of the Plan of the parent whose birthday falls later in that year; but
- (2) If both parents have the same birthday, the benefits of the Plan that has covered one parent longer are determined before those of the Plan that has covered the other parent for a shorter period of time.
- (3) However, if the Other Plan does not have the rule described immediately above, but instead has a rule based upon the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the Other Plan will determine the order of benefits.

c. Dependent Child/Separated or Divorced Parents

If two or more Plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:

- (1) First, the Plan of the parent with custody of the child;
- (2) Then, the Plan of the spouse of the parent with the custody of the child; and
- (3) Finally, the Plan of the parent not having custody of the child.

(4) However, if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the Plan of that parent has actual knowledge of those terms, the benefits of that Plan are determined first. The Plan of the other parent shall be the Secondary Plan. This paragraph does not apply with respect to any Claim Determination Period or Plan Year during which any benefits are actually paid or provided before the entity has that actual knowledge.

(5) If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the Plans covering the child shall follow the order of benefit determination rules outlined in Paragraph 2(b), Dependent Child/Parents Not Separated or Divorced.

d. Active/Inactive Employee

The benefits of a Plan that covers a person as an Employee who is neither laid off nor retired are determined before those of a Plan that covers that person as a laid off or retired Employee. If the Other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this Rule is ignored.

e. Longer/Shorter Length of Coverage

If none of the above Rules determines the order of benefits, the benefits of the Plan that has covered an Employee, Member, or Subscriber longer are determined before those of the Plan that has covered that person for the shorter term.

(1) To determine the length of time a person has been covered under a Plan, two Plans shall be treated as one if the claimant was eligible

under the second within 24 hours after the first ended.

(2) The start of the new Plan does not include:

- A change in the amount or scope of a Plan's benefits;
- A change in the entity that pays, provides, or administers the Plan's benefits; or
- A change from one type of Plan to another (such as, from a single Employer Plan to that of a multiple Employer plan.)

(3) The claimant's length of time covered under a Plan is measured from the claimant's first date of coverage under that Plan. If that date is not readily available, the date the claimant first became a Member of the Group shall be used as the date from which to determine the length of time the claimant's coverage under the present Plan has been in force.

If the Other Plan does not contain provisions establishing the Order of Benefit Determination Rules, the benefits under the Other Plan will be determined first.

f. Plans with Excess and Other Non-conforming COB Provisions

Some Plans declare their coverage "in excess" to all Other Plans, "always Secondary," or otherwise not governed by COB rules. These Plans are called "Non-complying Plans."

Rules. This Plan coordinates its benefits with a Non-complying Plan as follows:

- (1) If This Plan is the Primary Plan, it will provide its benefits on a primary basis.
- (2) If This Plan is the Secondary Plan, it will provide benefits first, but the amount of benefits and liability of This Plan will be limited to the benefits of a Secondary Plan.

(3) If the Non-complying Plan does not provide information needed to determine This Plan's benefits within a reasonable time after it is requested, This Plan will assume that the benefits of the Non-complying Plan are the same as the benefits of This Plan and provide benefits accordingly. However, this Plan must adjust any payments it makes based on such assumption whenever information becomes available as to the actual benefits of the Non-complying Plan.

(4) If:

(a) The Non-complying Plan reduces its benefits so that the Member receives less in benefits than he or she would have received had the Complying Plan paid, or provided its benefits as the Secondary Plan, and the Non-complying Plan paid or provided its benefits as the Primary Plan; and

(b) Governing state law allows the right of subrogation set forth below;

then the Complying Plan shall advance to You or on Your behalf an amount equal to such difference. However, in no event shall the Complying Plan advance more than the Complying Plan would have paid, had it been the Primary Plan, less any amount it previously paid. In consideration of such advance, the Complying Plan shall be subrogated to all Your rights against the Non-complying Plan. Such advance by the Complying Plan shall also be without prejudice it may have against the Non-complying Plan in the absence of such subrogation.

3. **Effect on the Benefits of this Plan**

This provision applies where there is a basis for a claim under This Plan and the Other Plan and when benefits of This Plan are determined as a Secondary Plan.

a. Benefits of This Plan will be reduced when the sum of:

- (1) the benefits that would be payable for the Allowable Expenses under This Plan, in the absence of this COB provision; and
- (2) the benefits that would be payable for the Allowable Expenses under the Other Plan(s), in the absence of provisions with a purpose similar to that of this COB provision, whether or not a claim for benefits is made;

exceeds Allowable Expenses in a Claim Determination Period. In that case, the benefits of This Plan will be reduced so that they and the benefits payable under the Other Plan(s) do not total more than Allowable Expenses.

b. When the benefits of This Plan are reduced as described above, each benefit is reduced proportionately and is then charged against any applicable benefit limit of This Plan.

c. The administrator will not, however, consider the benefits of the Other Plan(s) in determining benefits under This Plan when:

- (1) the Other Plan has a rule coordinating its benefits with those of This Plan and such rule states that benefits of the Other Plan will be determined after those of This Plan; and
- (2) the order of benefit determination rules requires Us to determine benefits before those of the Other Plan.

4. **Right to Receive and Release Needed Information**

Certain facts are needed to apply these COB rules. We have the right to decide which facts We need. We may get needed facts from, or give them to any other organization or person. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give Us any facts We need to pay the claim.

5. **Facility of Payment**

A payment under Another Plan may include an amount that should have been

paid under This Plan. If it does, We may pay that amount to the organization that made that payment. That amount would then be treated as if it were a benefit paid under This Plan. We will not have to pay that amount again. The term “Payment Made” includes providing benefits in the form of services; in which case, Payment Made means reasonable cash value of the benefits provided in the form of services.

6. Right of Recovery

If the amount of the payments made by the Plan is more than it should have paid under this COB provision, it may recover the excess from one or more of:

- a. The persons it has paid or for whom it has paid;
- b. Insurance companies; or
- c. Other organizations.

The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

7. Are You Also Covered by Medicare?

If You are also Covered by Medicare, We follow the Medicare Secondary Payor (MSP) rules to determine Your benefits. If Your Employer has 20 or fewer employees, the MSP rules might not apply. Please contact customer service at the toll free number on Your membership ID card if You have any questions.

SECTION VIII - GRIEVANCE PROCEDURES

I. INTRODUCTION

Our Grievance procedure (the “Procedure”) is intended to provide a fair, quick and inexpensive method of resolving any and all Disputes with the Plan. Such Disputes include: any matters that cause You to be dissatisfied with any aspect of Your relationship with the Plan; any Adverse Benefit Determination concerning a Claim; or any other claim, controversy, or potential cause of action You may have against the Plan. Please contact the customer service department at the number listed on the membership ID card: (1) to file a Claim; (2) if You have any questions about this EOC or other documents related to Your Coverage (e.g., an explanation of benefits or monthly claims statement); or (3) to initiate a Grievance concerning a Dispute.

- a. This Procedure is the exclusive method of resolving any Dispute. Exemplary or punitive damages are not available in any Grievance or litigation, pursuant to the terms of this EOC. Any decision to award damages must be based upon the terms of this EOC.
- b. The Procedure can only resolve Disputes that are subject to Our control.
- c. You cannot use this Procedure to resolve a claim that a Provider was negligent. Network Providers are independent contractors. They are solely responsible for making treatment decisions in consultation with their patients. You may contact the Plan, however, to complain about any matter related to the quality or availability of services, or any other aspect of Your relationship with Providers.
- d. You may request a form from the Plan to authorize another person to act on Your behalf concerning a Dispute.
- e. We, the Plan and You may agree to skip one or more of the steps of this

Procedure if it will not help to resolve the Dispute.

- f. Any Dispute will be resolved in accordance with applicable Tennessee or Federal laws and regulations, the ASA and this EOC.

II. DESCRIPTION OF THE REVIEW PROCEDURES

A. Inquiry

An Inquiry is an informal process that may answer questions or resolve a potential Dispute. You should contact the customer service department if You have any questions about how to file a Claim or to attempt to resolve any Dispute. Making an Inquiry does not stop the time period for filing a Claim or beginning a Dispute. You do not have to make an Inquiry before filing a Grievance.

B. First Level Grievance

You must submit a written request asking the Plan to reconsider an Adverse Benefit Determination, or take a requested action to resolve another type of Dispute (Your "Grievance"). You must begin the Dispute process within 180 days from the date We issue notice of an Adverse Benefit Determination from the Plan or from the date of the event that is otherwise causing You to be dissatisfied with the Plan. If You do not initiate a Grievance within 180 days of when We issue an Adverse Benefit Determination, We may raise Your failure to initiate a Grievance in a timely manner as a defense if You file a lawsuit against the Administrator later.

Contact the customer service department at the number listed on Your membership ID card for assistance in preparing and submitting Your Grievance. They can provide You with the appropriate form to use in submitting a Grievance. This is the first level Grievance procedure and is mandatory. BlueCross is a limited fiduciary for the first level Grievance.

1. Grievance Process

After We have received and reviewed Your Grievance, Our first level Grievance committee will meet to consider Your Grievance and any additional information that You or others submit concerning that Grievance. In Grievances concerning urgent care or pre-service Claims, We will appoint one or more qualified reviewer(s) to consider such Grievances. Individuals involved in making prior determinations concerning Your Dispute are not eligible to be voting members of the first level Grievance committee or reviewers. Such determinations shall be subject to the review standards applicable to ERISA plans, even if the Plan is not otherwise governed by ERISA.

2. Written Decision

The committee or reviewers will consider the information presented, and You will receive a written decision concerning Your Grievance as follows:

- a. For a pre-service claim, within 30 days of receipt of Your request for review;
- b. For a post-service claim, within 60 days of receipt of Your request for review; and
- c. For a pre-service, urgent care claim, within 72 hours of receipt of Your request for review.

The decision of the Committee will be sent to You in writing and will contain:

- a. A statement of the committee's understanding of Your Grievance;
- b. The basis of the committee's decision; and
- c. Reference to the documentation or information upon which the committee based its decision. You may receive a copy of such documentation or information,

without charge, upon written request.

C. Second Level Grievance

You may file a written request for reconsideration with Us within ninety (90) days after We issue the first level Grievance committee's decision. This is called a second level Grievance. Information on how to submit a second level Grievance will be provided to You in the decision letter following the first level Grievance review.

If the Plan is governed by ERISA, You also have the right to bring a civil action against the Plan to obtain the remedies available pursuant to Sec. 502(a) of ERISA ("ERISA Actions") after completing the mandatory first level Grievance process.

The Plan may require You to exhaust each step of this Procedure in any Dispute that is not an ERISA Action:

Your decision concerning whether to file a second level Grievance has no effect on Your rights to any other benefits under the Plan. If You file a second level Grievance concerning an ERISA Action, the Plan agrees to toll any time defenses or restrictions affecting Your right to bring a civil action against the Plan until the second level committee makes its decision. Any person involved in making a decision concerning Your Dispute (e.g. first level committee members) will not be a voting member of the second level Grievance committee.

1. Grievance Process

You may request an in-person or telephonic hearing before the second level Grievance committee. You may also request that the second level Grievance committee reconsider the decision of the first level committee, even if You do not want to participate in a hearing concerning Your Grievance. If You wish to participate, Our representatives will contact You to explain the hearing process and

schedule the time, date and place for that hearing.

2. In either case, the second level committee will meet and consider all relevant information presented about Your Grievance, including:
 - a. Any new, relevant information that You submit for consideration; and
 - b. Information presented during the hearing. Second level Grievance committee members and You will be permitted to question each other and any witnesses during the hearing. You will also be permitted to make a closing statement to the committee at the end of the hearing.

2. Written Decision

After the hearing, the second level committee will meet in closed session to make a decision concerning Your Grievance. That decision will be sent to You in writing. The written decision will contain:

- a. A statement of the second level committee's understanding of Your Grievance;
- b. The basis of the second level committee's decision; and
- c. Reference to the documentation or information upon which the second level committee based its decision. Upon written request, We will send You a copy of any such documentation or information, without charge.

D. Independent Review of Medical Necessity Determinations

If Your Grievance involves a Medical Necessity determination, then either: (1) after completion of the mandatory first level Grievance; or (2) after completion of the mandatory first level Grievance followed by completion of the second level Grievance, You may request that the Dispute be submitted to a neutral third party, selected by Us, to independently review and resolve such

Dispute(s). If You request an independent review following the mandatory first level Grievance, You waive Your right to a second level Grievance and Your right to present oral testimony during the Grievance Process. Your request for independent review must be submitted in writing within 180 days after the date You receive notice of the decision. Receipt shall be deemed to have occurred no more than two days after the date of issuance of the decision. Any person involved in making a decision concerning Your Dispute will not be a voting member of the independent review panel or committee.

Your decision concerning whether to request independent review has no effect on Your rights to any other benefits under the Plan. If You request independent review of an ERISA Action, We agree to toll any time defenses or restrictions affecting Your right to bring a civil action against the Employer or Employer's Plan, until the independent reviewer makes its decision.

The Employer or Employer's Plan will pay the fee charged by the independent review organization and its reviewers if You request that the Plan submit a Dispute to independent review. You will be responsible for any other costs that You incur to participate in the independent review process, including attorney's fees.

We will submit the necessary information to the independent review entity within 5 business days after receiving Your request for review. We will provide copies of Your file, excluding any proprietary information to You, upon written request. The reviewer may also request additional medical information from You. You must submit any requested information, or explain why that information is not being submitted, within 5 business days after receiving that request from the reviewer.

The reviewer must submit a written determination to Us and We will submit the determination to You within 45 days after receipt of the independent review request. In the case of a life threatening condition, the decision must be issued within 72 hours after receiving the review request. Except in cases involving a life-threatening condition, the reviewer may request an extension of up to 5 business days to issue a determination to consider additional information submitted by Us or You.

The reviewer's decision must state the reasons for the determination based upon: (1) the terms of this EOC and the ASA; (2) Your medical condition; and (3) information submitted to the reviewer. The reviewer's decision may not expand the terms of Coverage of the ASA.

No legal action shall be brought to recover under this EOC until 60 days after the claim has been filed. No such legal action shall be brought more than 3 years after the time the claim is required to be filed.

**SECTION IX -
SUBROGATION AND RIGHT OF
REIMBURSEMENT**

A. Subrogation Rights

The Plan assumes and is subrogated to Your legal rights to recover any payments the Plan makes for Covered Services, when Your illness or injury resulted from the action or fault of a third party. The Plan's subrogation rights include the right to recover the reasonable value of prepaid services rendered by Network Providers.

The Plan has the right to recover any and all amounts equal to the Plan's payments from:

- the insurance of the injured party;
- the person, company (or combination thereof) that caused the illness or injury, or their insurance company; or
- any other source, including uninsured motorist coverage, medical payment coverage, or similar medical reimbursement policies.

This right of recovery under this provision will apply whether recovery was obtained by suit, settlement, mediation, arbitration, or otherwise. The Plan's recovery will not be reduced by Your negligence, nor by attorney fees and costs You incur.

B. Priority Right of Reimbursement

Separate and apart from the Plan's right of subrogation, the Plan shall have first lien and right to reimbursement. The Plan's first lien supercedes any right that You may have to be "made whole". In other words, the Plan is entitled to the right of first reimbursement out of any recovery You might procure regardless of whether You have received compensation for any of Your damages or expenses, including Your attorneys' fees or costs. This priority right of reimbursement supersedes Your right to be made whole from any recovery, whether full or partial. In addition, You agree to do nothing to prejudice or oppose the Plan's right to subrogation and reimbursement and You acknowledge that the Plan precludes

operation of the "made-whole", "attorney-fund", and "common-fund" doctrines. You agree to reimburse the Plan 100% first for any and all benefits provided through the Plan, and for any costs of recovering such amounts from those third parties from any and all amounts recovered through:

- Any settlement, mediation, arbitration, judgment, suit, or otherwise, or settlement from Your own insurance and/or from the third party (or their insurance);
- Any auto or recreational vehicle insurance coverage or benefits including, but not limited to, uninsured motorist coverage;
- Business and homeowner medical liability insurance coverage or payments.

The Plan may notify those parties of its lien and right to reimbursement without notice to or consent from those Members.

This priority right of reimbursement applies regardless of whether such payments are designated as payment for (but not limited to) pain and suffering, medical benefits, and/or other specified damages. It also applies regardless of whether the Member is a minor.

This priority right of reimbursement will not be reduced by attorney fees and costs You incur.

The Plan may enforce its rights of subrogation and recovery against, without limitation, any tortfeasors, other responsible third parties or against available insurance coverages, including underinsured or uninsured motorist coverages. Such actions may be based in tort, contract or other cause of action to the fullest extent permitted by law.

Notice and Cooperation

Members are required to notify the administrator promptly if they are involved in an incident that gives rise to such subrogation rights and/or priority right of reimbursement, to enable the administrator to protect the Plan's rights under this section. Members are also required to cooperate with the administrator and to execute any documents that the administrator, acting

on behalf of the Employer, deems necessary to protect the Plan's rights under this section.

The Member shall not do anything to hinder, delay, impede or jeopardize the Plan's subrogation rights and/or priority right of reimbursement. Failure to cooperate or to comply with this provision shall entitle the Plan to withhold any and all benefits due the Member under the Plan. This is in addition to any and all other rights that the Plan has pursuant to the provisions of the Plan's subrogation rights and/or priority right of reimbursement.

If the Plan has to file suit, or otherwise litigate to enforce its subrogation rights and/or priority right of reimbursement, You are responsible for paying any and all costs, including attorneys' fees, the Plan incurs in addition to the amounts recovered through the subrogation rights and/or priority right of reimbursement.

Legal Action and Costs

If You settle any claim or action against any third party, You shall be deemed to have been made whole by the settlement and the Plan shall be entitled to collect the present value of its rights as the first priority claim from the settlement fund immediately. You shall hold any such proceeds of settlement or judgment in trust for the benefit of the Plan. The Plan shall also be entitled to recover reasonable attorneys' fees incurred in collecting proceeds held by You in such circumstances.

Additionally, the Plan has the right to sue on Your behalf, against any person or entity considered responsible for any condition resulting in medical expenses, to recover benefits paid or to be paid by the Plan.

Settlement or Other Compromise

You must notify the administrator prior to settlement, resolution, court approval, or anything that may hinder, delay, impede or jeopardize the Plan's rights so that the Plan may be present and protect its subrogation rights and/or priority right of reimbursement.

The Plan's subrogation rights and priority right of reimbursement attach to

any funds held, and do not create personal liability against You.

The right of subrogation and the right of reimbursement are based on the Plan language in effect at the time of judgment, payment or settlement.

The Plan, or its representative, may enforce the subrogation and priority right of reimbursement.

The Covered Person agrees that the proceeds subject to the Plan's lien are Plan assets and the Covered Person will hold such assets as a trustee for the Plan's benefit and shall remit to the Plan, or its representative, such assets upon request. If represented by counsel, the Covered Person agrees to direct such counsel to hold the proceeds subject to the Plan's lien in trust and to remit such funds to the Plan, or its representative, upon request. Should the Covered Person violate any portion of this section, the Plan shall have a right to offset future benefits otherwise payable under this plan to the extent of the value of the benefits advanced under this section to the extent not recovered by the Plan.

**SECTION X -
TERMINATION OF MEMBER
COVERAGE**

1. Termination or Modification of Coverage by BlueCross or the Employer

BlueCross or the Employer may modify or terminate the ASA. Notice to the Employer of the termination or modification of the ASA is deemed to be notice to all Members Covered under the Plan. The Employer is responsible for notifying You of such a termination or modification of Your Coverage.

All Members' Coverage through the ASA will change or terminate at 12:00 midnight on the date of such modification or termination. The Employer's failure to notify You of the modification or termination of Your Coverage does not continue or extend Your Coverage beyond the date that the ASA is modified or terminated. You have no vested right to Coverage under this EOC following the date of the termination of the ASA.

2. Termination of Coverage Due to Loss of Eligibility

Your Coverage will terminate if You do not continue to meet the eligibility requirements agreed to by the Employer and the administrator during the term of the ASA. Coverage for a Member who has lost his or her eligibility shall automatically terminate at 12:00 midnight on the day that loss of eligibility occurred.

3. Termination or Rescission of Coverage

The Plan may terminate Your Coverage, if:

- a. You fail to make a required Member payment when it is due. (The fact that You have made a Payment contribution to the Employer will not prevent the administrator from terminating Your Coverage if the Employer fails to submit the full Payment for Your Coverage to the administrator when due); or

- b. You act in such a disruptive manner as to prevent or adversely affect the ordinary operations of the Plan; or
- c. You fail to cooperate with the Plan or Employer as required; or
- d. You have made a misrepresentation of fact or committed fraud against the Plan. This provision includes, but is not limited to, furnishing incorrect or misleading information or permitting the improper use of the membership ID card.

At its discretion, the Plan may terminate or Rescind Coverage if You have made an intentional misrepresentation of material fact or committed fraud in connection with Coverage. If applicable, the Plan will return all Premiums paid after the termination date less claims paid after that date. If claims paid after the termination date are more than Premiums paid after that date, the Plan has the right to collect that amount from You or Your terminated dependents to the extent allowed by law. You will be notified thirty (30) days in advance of any Rescission.

4. Right to Request a Hearing

You may appeal the termination of Your Coverage or Rescission of Your Coverage, as explained in the Grievance Procedure section of this EOC. The fact that You have appealed shall not postpone or prevent the Plan from terminating Your Coverage. If Your Coverage is reinstated as part of the Grievance Procedure, You may submit any claims for services rendered after Your Coverage was terminated to the Plan for consideration in accordance with the Claims Procedure section of this EOC.

5. Payment For Services Rendered After Termination of Coverage

If You receive Covered Services after the termination of Your Coverage, the Plan may recover the amount paid for such Services from You, plus any costs of recovering such Charges, including its attorneys' fees.

When the ASA terminates, all benefits for Covered Services terminate on that date.

**SECTION XI -
CONTINUATION OF COVERAGE**

Federal Law

If the ASA remains in effect, but Your Coverage under this EOC would otherwise terminate, the Employer may offer You the right to continue Coverage. This right is referred to as “COBRA Continuation Coverage” and may occur for a limited time subject to the terms of this Section and the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA.)

1. Eligibility

If You have been Covered by the Plan on the day before a qualifying event, You may be eligible for COBRA Continuation Coverage. The following are qualifying events for such Coverage:

a. Subscribers. Loss of Coverage because of:

- The termination of employment except for gross misconduct.
- A reduction in the number of hours worked by the Subscriber.

b. Covered Dependents. Loss of Coverage because of:

- The termination of the Subscriber’s Coverage as explained in subsection (a), above.
- The death of the Subscriber.
- Divorce or legal separation from the Subscriber.
- The Subscriber becomes entitled to Medicare.
- A Covered Dependent reaches the Limiting Age.

c. Enrolling for COBRA Continuation Coverage

The administrator, acting on behalf of the Employer, shall notify You of Your rights to enroll for COBRA Continuation Coverage after:

- The Subscriber’s termination of employment, reduction in hours worked, death or entitlement to Medicare coverage; or

- The Subscriber or Covered Dependent notifies the Employer, in writing, within 60 days after any other qualifying event set out above.

3. You have 60 days from the later of the date of the qualifying event or the date that You receive notice of the right to COBRA Continuation Coverage to enroll for such Coverage. The Employer or the administrator will send the forms that should be used to enroll for COBRA Continuation Coverage. If You do not send the Enrollment Form to the Employer within that 60-day period, You will lose Your right to COBRA Continuation Coverage under this Section. If You are qualified for COBRA Continuation Coverage and receive services that would be Covered Services before enrolling and submitting the Payment for such Coverage, You will be required to pay for those services. The Plan will reimburse You for Covered Services, less required Member payments, after You enroll and submit the Payment for Coverage, and submit a claim for those Covered Services as set forth in the Claim Procedure section of this EOC.

d. Payment

You must submit any Payment required for COBRA Continuation Coverage to the administrator at the address indicated on Your Payment notice. If You do not enroll when first becoming eligible, the Payment due for the period between the date You first become eligible and the date You enroll for COBRA Continuation Coverage must be paid to the Employer (or to the administrator, if so directed by the Employer) within 45 days after the date You enroll for COBRA Continuation Coverage. After enrolling for COBRA Continuation Coverage, all Payments are due and payable on a monthly basis as required by the Employer. If the Payment is not received by the administrator on or before the due date, Coverage will be terminated, for cause, effective as of the last day for which Payment was received as explained in the Termination of Coverage Section. The administrator may use a third party vendor to collect the COBRA Payment.

e. Coverage Provided

If You enroll for COBRA Continuation Coverage You will continue to be Covered under the Plan and this EOC. The COBRA Continuation Coverage is subject to the conditions, limitations and exclusions of this EOC and the Plan. The Plan and the Employer may agree to change the ASA and/or this EOC. The Employer may also decide to change administrators. If this happens after You enroll for COBRA Continuation Coverage, Your Coverage will be subject to such changes.

f. Duration of Eligibility for COBRA Continuation Coverage

COBRA Continuation Coverage is available for a maximum of:

- 18 months if the loss of Coverage is caused by termination of employment or reduction in hours of employment; or
- 29 months of Coverage. If, as a qualified beneficiary who has elected 18 months of COBRA Continuation Coverage, You are determined to be disabled within the first 60 days of COBRA Continuation Coverage, You can extend Your COBRA Continuation Coverage for an additional 11 months, up to 29 months. Also, the 29 months of COBRA Continuation Coverage is available to all non-disabled qualified beneficiaries in connection with the same qualifying event. “Disabled” means disabled as determined under Title II or XVI of the Social Security Act. In addition, the disabled qualified beneficiary or any other non-disabled qualified beneficiary affected by the termination of employment qualifying event must:
 - Notify the Employer or the administrator of the disability determination within 60 days after the determination of disability, and before the close of the initial 18-month Coverage period; and
 - Notify the Employer or the administrator within 30 days

of the date of a final determination that the qualified beneficiary is no longer disabled; or

- 36 months of Coverage if the loss of Coverage is caused by:
 - the death of the Subscriber;
 - loss of dependent child status under the Plan;
 - the Subscriber becomes entitled to Medicare; or
 - divorce or legal separation from the Subscriber; or
- 36 months for other qualifying events. If a Covered Dependent is eligible for 18 months of COBRA Continuation Coverage as described above, and there is a second qualifying event (e.g., divorce), You may be eligible for 36 months of COBRA Continuation Coverage from the date of the first qualifying event.

g. Termination of COBRA Continuation Coverage

After You have elected COBRA Continuation Coverage, that Coverage will terminate either at the end of the applicable 18, 29 or 36 month eligibility period or, before the end of that period, upon the date that:

- The Payment for such Coverage is not submitted when due; or
- You become Covered as either a Subscriber or dependent by another group health care plan, and that coverage is as good as or better than the COBRA Continuation Coverage; or
- The ASA is terminated; or
- You become entitled to Medicare Coverage; or
- The date that You, otherwise eligible for 29 months of COBRA Continuation Coverage, are determined to no longer be disabled for purposes of the COBRA law.

h. Continued Coverage During a Family and Medical Leave Act (FMLA) Leave of Absence

Under the Family and Medical Leave Act, Subscribers may be able to take:

- up to 12 weeks of unpaid leave from employment due to certain family or medical circumstances, or
- in some instances, up to 26 weeks of unpaid leave if related to certain family members' military service related hardships.

Contact the Employer to find out if this provision applies. If it does, Members may continue health coverage during the leave, but must continue to pay the conversion options portion of the premium that the Subscriber would pay if he or she were actively working. Coverage will be subject to suspension or cancellation if the Subscriber fails to pay the premium on time. If the Subscriber takes a leave and Coverage is cancelled for any reason during that leave, Members may resume Coverage when the Subscriber returns to work without waiting for an Open Enrollment Period.

i. Continued Coverage During a Military Leave of Absence

A Subscriber may continue his or her Coverage and Coverage for his or her Dependents during military leave of absence in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994. When the Subscriber returns to work from a military leave of absence, the Subscriber will be given credit for the time the Subscriber was Covered under the Plan prior to the leave. Check with the Employer to see if this provision applies. If it does, Members may continue health coverage during the leave, but must continue to pay the conversion options portion of the premium that the Subscriber would pay if he or she were actively working. Coverage will be subject to suspension or cancellation if the Subscriber fails to pay the premium on time.

j. The Trade Adjustment Assistance Reform Act of 2002

The Trade Adjustment Assistance Reform Act of 2002 (TAARA) may have added to Your COBRA rights. If You lost Your job because of import competition or shifts of production to other countries, You may have a second COBRA Continuation election period. If You think this may apply to You, check with the Employer or the Department of Labor.

SECTION XII - DEFINITION OF TERMS

Accidental Injury - means a traumatic bodily injury that, if not immediately diagnosed and treated, could reasonably be expected to result in serious physical impairment or loss.

Actively At Work – The performance of all of an Employee’s regular duties for the Employer on a regularly scheduled workday at the location where such duties are normally performed. Eligible Employees will be considered to be Actively At Work on a non-scheduled work day (which would include a scheduled vacation day) only if the Employee was Actively At Work on the last regularly scheduled work day. An eligible Employee who is not at work due to a health-related factor shall be treated as Actively At Work for purposes of determining Eligibility.

Administrative Services Agreement (ASA) - means the agreement between BlueCross and the Employer. It includes the ASA and any attached papers or riders (including the Letter of Intent, if any).

Advanced Radiological Imaging – Services such as MRIs, CT scans, PET scans, nuclear medicine and similar technologies.

Adverse Benefit Determination – Any denial, reduction, termination or failure to provide or make payment for what You believe should be a Covered Service. Adverse Benefit Determinations include:

- a. A determination by a health carrier or its designee utilization review organization that, based upon the information provided, a request for a benefit under the health carrier's health benefit plan does not meet the health carrier's requirements for Medical Necessity, appropriateness, health care setting, level of care or effectiveness and the requested benefit is therefore denied, reduced or terminated or payment is not provided or made, in whole or in part, for the benefit;
- b. The denial, Rescission, reduction, termination or failure to provide or make payment, in whole or in part, for a benefit based on a determination by a health carrier of a Covered person's

eligibility to participate in the health carrier's health benefit plan; or

- c. Any prospective review or retrospective review determination that denies, reduces, or terminates or fails to provide or make payment for, in whole or in part, a benefit.

Ambulance - a specially designed and equipped vehicle used only to transport the sick and injured.

Ambulatory Surgical Facility - a health care facility that provides surgical services but usually does not have overnight accommodations; has an organized staff of Physicians and permanent facilities and equipment; and is not used primarily as an office or clinic for a Physician or other professional private practice.

Such a facility must be licensed as an Ambulatory Surgical Facility by the state in which it is located or must be operated by a Hospital licensed by the state in which it is located.

Blue Distinction Centers for Transplants (BDCT) Network – A network of facilities and hospitals contracted with BlueCross (or with an entity on behalf of BlueCross) to provide Transplant Services for some or all organ and bone marrow transplant procedures Covered under this EOC,

excluding kidney transplants. Facilities obtain designation as a BDCT by transplant type; therefore, a hospital or facility may be classified as a BDCT for one type of organ or bone marrow transplant procedure but not for another type of transplant. This designation is important as it impacts the level of benefit You will receive.

BlueCard PPO Participating Provider –

A physician, Hospital, licensed skilled nursing facility, home health care provider or other Provider who contracts with other BlueCross and/or BlueShield Association, (BlueCard PPO) Plans and/or whom the Plan has Authorized to provide Covered Services to Members.

Care Management involves a systematic process of assessing, planning, service coordination and monitoring through which multiple health needs of patients are met.

- b. The scientific evidence must permit conclusions concerning the effect of the technology on health outcomes, as demonstrated by:
 - i. The evidence should consist of well-designed and well-conducted investigations

- published in peer-reviewed journals. The quality of the body of studies and the consistency of the results are considered in evaluating the evidence.

 - i. The technology's beneficial effects on health outcomes should outweigh any harmful effects on health outcomes.

If the Medical Director does not authorize the provision of a service or supply, it will not be a Covered Service. In making such determinations, the Medical Director shall rely upon any or all of the following, at his or her discretion:

- a. Your medical records, or
- b. the protocol(s) under which proposed service or supply is to be delivered, or
- c. any consent document that You have executed or will be asked to execute,

For Covered Services provided by Out-of-Network Providers, the amount payable will

be based upon the administrator's Out-of-Network fee schedule for the Covered Services rendered by Out-of-Network Providers. For Out-of-Network Emergency Care Services, the Maximum Allowable Charge for a Covered Service complies with the Affordable Care Act requirement to be based upon the greater of (a) the median amount negotiated with Network providers for the Emergency Care Services furnished, (b) the amount for the Emergency Care Services calculated using the same method generally used to determine payments for Out-of-Network services, or (c) the amount that would be paid under Medicare for the Emergency Care Services.

- not be provided solely to improve a Member's condition beyond normal variation in individual development, appearance and aging; and
- not be for the sole convenience of the Provider, Member or Member's family.

Medically Necessary or Medical Necessity – "Medically Necessary" means procedures, treatments, supplies, devices, equipment, facilities or drugs (all services) that a medical practitioner, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury or disease or its symptoms, and that are:

- in accordance with generally accepted standards of medical practice; and
- clinically appropriate in terms of type, frequency, extent, site and duration and considered effective for the patient's illness, injury or disease; and
- not primarily for the convenience of the patient, physician or other health care provider; and
- not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, physician specialty society recommendations, and the views of medical practitioners practicing in relevant clinical areas and any other relevant factors.

When the Network Out-of-Pocket Maximum is reached, 100% is payable for other Covered Services received from a Network Provider during the remainder of the Annual Benefit Period. A Rescission does not include a situation in which the Plan retroactively terminates Coverage in the ordinary course of business for a period for which You did not pay the Premium. An example would be if You left Your job on January 31, but Coverage was not terminated until March 15. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., Your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier. Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay. In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce Your Out-of-Pocket costs, You may be required to obtain precertification. For information on precertification, contact Your plan administrator.

If You request an accounting more than once in a 12-month period, there may be a reasonable cost-based charge for responding to those additional requests. Please contact the Privacy Office for a more detailed explanation of the fees charged for such accountings.

If Your request is denied, the Employer will provide a written explanation of the denial. If You disagree, You may submit a written statement that will be included with Your health plan information. If the Employer accepts Your request, reasonable efforts will be made to inform the people that You designate about that amendment. Any future disclosures of that information will be amended.
