Last month we approved a revision to our committee’s mission statement. That revised/expanded mission statement now reads:

“Ensure the military personnel and their families receive support from the Clarksville Area Chamber of Commerce and the community; promote military and veteran-owned businesses in the Clarksville area; and advocate for Fort Campbell in our interactions with local, state, and federal elected officials.”

We welcome your input on ways that we can accomplish each of the elements of this new mission statement and your involvement in helping us do so.

Please help us continue our practice of recognizing a Military/Veteran-owned Business of the Month by nominating businesses through Phil Harpel.
